PREFACE

The house that produced the avant-garde of Odia movement projecting Odia identity during the most crucial and eventful period of its history, is the administrative block of Shailabala Women's College, nay the residence of the architect of modern Odisha – Utkal Gourav (Pride of Odisha) Madhusudan Das. A visionary to the core, his “Dream Odisha” included the birth of separate Odisha province, development of potentiality of the state by means of education. ‘Knowledge is power’ – he very much believed in the dictum of Francis Bacon and the knowledge of the universe around is instrumental for the progress of a society. This knowledge imbibed through learning, becomes more vibrant with women education that serves as remedy for many social orthodoxies and panacea for obscurantist outlook. With great faith and value in women education, he commented on the floor of Bihar – Orissa Legislative Council, “A man lives by faith and a child after it is born, in the early days if its life has faith in its mother – the mother teaches him faith. When this body of mine will be left behind and my soul will depart from its earthly tenement to meet its Creator, it will be that faith, which my mother taught me, that will sustain me.”

Thus, the college is the brainchild of Madhusudan Das, with its humble beginning in the colonial period with Intermediate classes in 1913, later being upgraded to Degree College in 1946 with subsequent addition of post-graduation in five subjects. After him, his adopted daughter Shailabala continued the legacy of her father, after whom the college has been named. It has been an academic focal point and dream destination for intellectual pursuit not only for the girl students of Odisha, but of neighbouring states of Jharkhand, West Bengal, Bihar and Chattisgarh as well.

The college has completed its hundred years of glorious journey and is now in 102 years of its march. As the oldest women's college in the State, it stands for dissemination of knowledge and wisdom to the upcoming generations in a devoted manner.

Every institution generally passes through various stages of growth and development – infancy, expansion, consolidation, social accreditation and excellence, where the focus is not just the impression of the society, but the value judgement of an objective process.

The college has achieved the 'Lead College' status by Government of Odisha in 1994. It aspires to be a model women university and was given accreditation of 'A' grade by N.A.A.C. in 2006. This century old premier institution is striving for achievement of excellence with university status and N.A.A.C. process is an optimistic step towards the second cycle of accreditation.

To its credit, the early Peer team held high opinion with regard to healthy practices (criterion VII) of teaching, administration, extra-curricular activities, alumni, students, etc. the institution envisions for further expansion of its infrastructure, modernisation of laboratory, library and playground, curricular development and augmenting inter-institutional as well as industry-institutional linkages.

Everyone has a will to win and we are trying accordingly. The Self Study Report is a synthesis of voluminous data on curricular, co-curricular and extra-curricular activities, admission, examination, student support and progression, accounts and departments of the institution. It is the product of almost a year long sincere effort of entire family of Shailabala College as per the guidelines, portraying our goal, mission, strength, weakness, opportunities and challenges in a related manner.

The constructive suggestions and recommendations that will come out of the visit of the Peer Team will boost this august institution to attempt earnestly to be a *bonafide* centre for women empowerment and awakening, in the educational map of the country.

EXECUTIVE SUMMARY

The 1000 year old silver city of Cuttack, which was once upon a time the Capital of the state and the heart and soul of many historical regimes, is the cultural centre of Odisha. Fed by the mighty river of the Mahanadi and its tributary the Kathajodi, Cuttack has a glorious past and it still commemorates the memory of the Odia sailors who travelled to South-East Asian countries on inter oceanic journeys and returned with ship laden goods and merchandise. It is on the banks of these rivers that this premier institution for women, Shailabala Women's College is situated. With the historic Barabati Fort, the mute witness to the power and glory of the mighty kings rulers of Odisha and the temple of the Presiding Deity of Cuttack – the famous Cuttack Chandi Temple in the vicinity, Shailabala Women's College catches the eye and imagination of any casual visitor.

In an age when women were marginalized, Shailabala was in the forefront of a movement for their socio-cultural and educational uplift and empowerment. She was a member of the Board of Education, constituted by the Government of Bihar and Odisha in 1912, to look into the problems of education in Odisha. Miss Shailabal Das and Mrs. Banks represented Odisha at the Board meeting in Ranchi, where the opening of an Intermediate College for Women was recommended. Accordingly, Intermediate classes started functioning in the premises of Ravenshaw Girls' School on 25.03.1913. In 1917, both the school and the college shifted to a new locality in Choudhury Bazar.

The Intermediate Women's College was raised to the status of a first grade Degree College only in 1946. The college, having no separate building of its own, functioned within the Ravenshaw Girls' High School with a lot of difficulties with classes only during the morning hours. As a way out, Miss Shailabala Das, in 1952, offered the residential building of Late *Utkal Gourav* Madhusudan Das along with the premises as a gift to accommodate the Women's College. In the same year the college was shifted to this magnificent building of the then Cuttack. The residence has been sanctified by the visit of Mahatma Gandhi, the father of the nation and Pandit Jawaharlal Nehru, the first Prime Minister of India.

To make the college adaptable to the needs of over-increasing girl students, a new Academic Block came up adjacent to the old one. The University Grants Commission provided

financial assistance to construct a new three-storied block, which now accommodates the library and the study room for the students. A hostel with a capacity to house one hundred boarders was built in 1959 on a newly acquired piece of land. Now the college has four different hostels for the students. A glorious feather has been added to the academic infrastructure of the institution with the construction of a massive five – storied building along with a magnificent auditorium, art gallery and hostel.

In 1962, opposite the college building, a new block has sprung up to cater the need for growing demand in Science. Pre-University Science and Pre-Professional Science classes were inaugurated in 1962 and 1963 respectively. Pass classes in Bachelor of Science started in 1966 and Honours classes in Science in 1973-74.

In addition, a +2 Vocational College has been functioning as part of the college, thus enabling students to learn vocational skills to equip themselves for various trades and professions.

The college witnessed another landmark in its academic progress when the Post-Graduate course in Home Science was introduced in 1982-83, in History and Sanskrit on 1993-94. These were certainly big strides in academic leap forward. With the introduction of Honours in Computer Science in 2000-01, the college has updated itself with the latest developments in Information Technology and Computer Education. Furthermore, the year 2013 is worth mentioning when post-graduate courses in Political science and Odia along with Honours in Anthropology and Urdu were introduced to make the intellectual fervent further bright. To add, Fashion Technology, Food Processing and Preservation, Para Medical and Healthcare, Travel and Tourism Management, Horticulture along with Commerce in UG level have been sanctioned by the Government from the academic session 2015 – 16.

The college found relief with the acquisition of a sizeable tract of land adjoining the college building on its western side and now there is ample space for expansion of its facilities and buildings. The land has been used to prepare a two hundred meter track. The newly constructed auditorium is facilitating the organization of meetings, seminars and to conduct examinations in the college and the like.

The campus is replete with the memories of epic endeavour of *Utkal Gourav* to find for

Odias an identity and an honoured place in the national sphere. It continues to be a place for pilgrimage for patriotic souls. Pandit Jawaharlal Nehru, the first Prime Minister of India, visited the college to unveil the statue of Madhusudan Das on the campus. The college has a long history of success from academics to extra-curricular. The galaxy of luminaries produced out of the soil have excelled in various walks of life, be it politics, education, sports, administration, culture and so on. The college was awarded 'A' grade by the NAAC (National Assessment and Accreditation Council) of the University Grants Commission. At present, the college has around 1700 students on its roll in UG and PG level and there is an ever increasing demand for the introduction of new subjects and courses. The college has accommodated the +2 wing in Science, Arts, Commerce and vocational wing.

Besides the academic growth and progression, infrastructural expansion of the institution, the college has a good record of curricular and extra-curricular achievements of the students under the active involvement and dynamic leadership of the staff members.

The Students' Union makes the students important stakeholders in participatory governance. The Athletic Association and Gymnasium of the institution provides better platform for fitness as well as employability. The Dramatic Society, Literary Society and Debating Society are the source of cultural vibration and creative ambience. The NCC, NSS, Youth Red Cross, Rovers and Rangers units of the college render yeomen community service through in-house and outreach programmes.

The Anti-Ragging Cell, Sexual Harassment Cell, Students' Grievance Redressal Cell and Discipline Committee add positive vibes for students' safety and security. The Career Counselling as well as the Placement Cell try to provide avenues of employability while the Parent-Teacher Association and Alumni Association of the institution play active role for the all-round growth of the institution.

While the Girls' Common Room, Health Centre, College Canteen help in catering the diversified needs of the students, the Library with its massive collection of books and journals give an intellectual push to the members of the institution.

Last but not the least, the unique innovatory steps of the college is worth mentioning. The Yoga Club makes a proper alignment between emotional state, intellectual understanding

and external action, which makes every girl student an 'Authentic-Self'. The Eco Club with the message of 'Go Green, Live green' persuades the in-house members to devote some time and energy in making the campus clean and green. The unique practice of Medicinal Herbal Garden: *Aesthetica* inculcates a sense of familiarity from student life with surrounding bio-diversity and its conservation.

These words, therefore, represent Shailabala Women's College in a nutshell.

**PRINCIPAL
SHAILABALA WOMEN'S COLLEGE, CUTTACK**

GOAL

To further the cause of education and uplift the women of Odisha as dreamt by the architect of modern Odisha, Utkal Gourav Madhusudan Das, and create employment potential along with all-round humanistic growth.

CRITERIA - WISE

INPUTS

CRITERION I:

CURRICULAR

ASPECTS

1.1 CURRICULUM PLANNING AND IMPLEMENTATION

1.1.1 State the vision, mission and objectives of the institution, and describe how these are communicated to the students, teachers, staff and other stakeholders.

The vision of the institution is enshrined in the college crest, which runs 'The Lotus, rising untainted from the mire and impurity all around it, stands for purity and integrity of character. The instinctive vision of the institution is to transform higher education and professional education into an effective instrument of socio-economic uplift; to develop a sense of responsibility among the students and build their characters, conduct and morale to face the challenges in real life situations. The mission of the institution has been reflected in curriculum design by way of introducing interdisciplinary subjects like environmental studies, population studies, Indian society and culture as compulsory subjects in undergraduate classes; career oriented programmes like Computer Science, Communicative English, etc. The future prospects of the subjects are intimated to the students by the seminars, workshops organised by the departments and societies, career counselling and extra-mural lectures. Due encouragement is given for participation in NCC, NSS, Youth Red Cross and other extension activities.

1.1.2 How does the institution develop and deploy action plans for effective implementation of the curriculum? Give details of the process and substantiate through specific example(s).

The subject-wise course curricula are designed by the respective Boards of Studies based on local and learner's need within the framework of UGC guideline. The Heads of all PG Departments attend the Board of Studies' meeting organised by the affiliated University and actively participate in order to effectively implement the curriculum at college level from time to time. The institution implemented career oriented programmes like Computer Science, which has opened a new avenue for increasing employability for the students, modular curricula in all disciplines and dissertation at Honours and PG level in some departments, which inculcate self-confidence in young minds to undertake research work.

1.1.3 What type of support (procedural and practical) do the teachers receive (from the University and/or institution) for effectively translating the curriculum and improving teaching practices?

The teachers of the institution periodically receive guidelines from UGC/University/Govt. to an extent of 100% for developing or restructuring the curricula and method of teaching. Further the teachers are allowed to participate in orientation/refresher courses, workshops/ training programmes and seminars and symposia so that they can improve the contemporary teaching practices.

1.1.4 Specify the initiatives taken up or contribution made by the institution for effective curriculum delivery and transaction on the Curriculum provided by the affiliating University or other Statutory agency.

The contributions made by the institution for effective curriculum delivery are preparation of progress register and lesson plan for the teachers, doubt clearing of the students through informal mechanism, periodic examinations to test the performance of the students in order to provide proper feedback to the weak students. Attempts are made through proctorial classes and parent – teachers' meet to ensure the regularity, punctuality and sincerity of the ward along with their in-depth strength.

1.1.5 How does the institution network and interact with beneficiaries such as industry, research bodies and the university in effective operationalization of the curriculum?

The institution maintains a cordial network with the professionals from industries/educational bodies/ universities by organising extra-mural lectures/meetings/workshops, career counselling programmes and taking their suggestions in effective operationalisation of the curriculum.

1.1.6 What are the contributions of the institution and/or its staff members to the development of the curriculum by the University? (Number of staff members/departments represented on the Board of Studies, student feedback, teacher feedback, stakeholder feedback provided, specific suggestions, etc.)

HODs of the five PG departments attend the meetings of Board of Studies of their respective departments and other allied meetings at the University for modification, inclusion and enrichment of the course curriculum. On the basis of student feedback appropriate authorities have been approached from time to time for opening up of new subjects in UG and PG level and also M.Phil programmes.

1.1.7 Does the institution develop curriculum for any of the courses offered (other than those under the purview of the affiliating university) by it? If yes, give details on the process ('Needs Assessment', design, development and planning) and the courses for which the curriculum has been developed.

N.A.

1.1.8 How does the institution analyze/ensure that the stated objectives of curriculum are achieved in the course of implementation?

The institution ensures that the objectives of curriculum are achieved in a time schedule. The faculties are sincere in achieving the target in time with a follow-up action and the Principal of the college periodically reviewing the lesson plan and daily progress registers of teachers.

All courses are offered in modular form. Each paper contains five units and students are required to answer from each module having alternative option.

❖ **Credit transfer and accumulation facility**

Choice based credit system is going to be introduced in near future in UG level whereas it is already there in PG. The results are published in Grade points.

❖ **Lateral and vertical mobility within and across programmes and courses:**

• **Inter/multidisciplinary approach of curriculum design:**

- a) Environmental Studies is compulsory in all disciplines at UG level.
- b) Indian Society and Culture has been introduced as a minor elective subject both in Science and Arts.
- c) Inter-disciplinary courses such as Biology for Physical Science, mathematics for Physical Sciences and Arts students are provided.

1.2.4 Does the institution offer self-financed programmes? If 'yes', list them and indicate how they differ from other programmes, with reference to admission, curriculum, fee structure, teacher qualification, salary.etc.

Yes.

- Computer Science (Hons) with Physics and Mathematics as elective subjects (a three year degree programme) selection and admission to the course is made through e-admission process adopted for other UG programmes by the Department of Higher Education, Govt. of Odisha and one has to apply online through www.dheorissa.in for admission to the course. Fee structure of the students is as per the Government of Odisha guidelines laid down for self-financing courses. Guest faculties are engaged on contractual basis to engage the classes.

1.2.5 Does the college provide additional skill oriented programmes, relevant to regional and global employment markets? If yes, provide details of such programmes and beneficiaries.

The college is endeavouring to upgrade the vocational teaching from +2 to degree level. Reputed persons from different sectors are invited to enhance the employment viability of the students. Further, the college provides additional skill development of its students through the English Language Laboratory, which enhances the communicative ability of the students. The curriculum comprises pronunciation and diction improvement, test of reading and writing skills and extempore speeches. The programme involves audio visual method of teaching, which is an added benefit for effective learning.

1.2.6 Does the University provide for the flexibility of combining the conventional face-to-face and Distance Mode of Education for students to choose the course/combination of their choice? If yes, how does the institution take advantage of such provision for the benefit of students?

Yes. After admission in Degree course the students have the option to choose their Honours subject in a counselling session, which is conducted in a face-to-face interaction with the teachers in charge of admission for the benefit of the students.

1.3 CURRICULUM ENRICHMENT

1.3.1 Describe the efforts made by the institution to supplement the University' Curriculum to ensure that the academic programmes and Institution's goals and objectives are integrated.

Regular meeting of the Board of Studies of different subjects are held annually at the beginning of each academic session at the university and Autonomous Colleges for restructuring the existing courses as per UGC model curriculum as well as UPSC/OPSC syllabi. The department of Home Science of our college is the course formulating body for the university (as the university does not have a separate Home Science department).

1.3.2 What are the efforts made by the institution to enrich and organize the curriculum to enhance the experiences of the students so as to cope with the needs of the dynamic employment market?

The courses offered are need-based and within UGC model curriculum framework. These are aimed at increasing the employability of the students and who are graduated have better chance, and their chance of getting admission into prestigious institutions for higher studies and research. Academic flexibility, interdisciplinary courses and self-financing courses have been given due attention. Representatives from our college participate in these meetings and contribute towards the same.

1.3.3 Enumerate the efforts made by the institution to integrate the cross cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT, etc. into the curriculum?

The cross cutting issues such as Gender and Human Rights are within the course curriculum of Political Science, History, English, Sociology and Anthropology. Environmental Education and Climate Change are within the purview of Environment Studies, which is a compulsory elective subject. Frequent workshops are held on the above topics.

1.3.4 What are the various value-added courses/enrichment programmes offered to ensure holistic development of students?

❖ Moral and Ethical Values - Besides the formal teaching of moral and ethical values in social science subjects, the students are encouraged and ensured to participate in

different moral and ethical programmes organized by the college like campus cleaning drive, blood donation camp, health camps and other similar programmes organized by the Red Cross and N.S.S of the college. The yoga class and eco-club of the college aim at improving ethical aesthetic instinct of the students while self-defence programme revolves round the orientation of the participants.

❖ Employable and Life skills – The physical as well as social science subjects help the students to get jobs both in government and private sectors. The students trained in the art of self-defence have been recruited as trainers in various educational institutes to train the girls. Further, the college is proud of its athletes, who have been employed in the police, education and other departments of the government.

❖ Better Career Options – Besides providing the curricular inputs, the college takes proper care for better career options in the form of organizing career counseling, communicative English and personality development. One can make a better career in social science subjects like, Sociology, Anthropology, Psychology, if involved wholeheartedly within the society for the welfare of the down trodden through different NGOs and welfare organizations.

❖ Community Orientation – The college has its three fold programme of community orientation through employees, students and alumni.

- Each employee has his or her one day's salary donated to the Chief Minister's Relief Fund. Students suffering from serious diseases like cancer, cardiac problems and the like are financially assisted by spontaneous donations from the employees and students.
- After the disastrous cyclone 'Phailin', our college has adopted the slum of Pattapol, where from time to time students and NSS volunteers have rendered service towards literary drive and health check-up of the dwellers.
- Students of the college have voluntarily rendered social service to the locality during mega Baliyatra festival in controlling traffic, maintaining discipline, providing pure drinking water and assisting the local administration in maintaining law and order.

- AIDS awareness campaign, Save the Girl Child campaign, Swacha Bharat Abhiyan, Road Safety awareness programme are other commendable community orientation programmes undertaken by the students.
- The Alumni Association of this college has tried to reach the community through its various programmes like free health check-up and medical counseling.
- Active Citizenship Programme sensitizing the students and outsiders to inculcate healthy and ethical practices.

1.3.5 Citing a few examples enumerate on the extent of the use of the feedback from stakeholders in enriching the curriculum?

The college obtains feedback from the students of different departments through personal interaction and interview. The feedbacks are considered in periodical meetings in the college and follow up actions are taken to enrich ourselves. The proctors take feedbacks from their respective groups and the deficiencies of students are meted out. Accordingly, the authority has written to the government and affiliating bodies for opening new programmes in UG, PG and M.Phil. levels.

1.3.6 How does the institution monitor and evaluate the quality of its enrichment programmes?

The institution keeps vigil in monitoring the evaluation process of the academic system. Academic achievements of the students are evaluated through mid-semester and half yearly examinations and accordingly the weak students are identified for extra academic care. The faculties give required inputs in order to improve the quality and enrich the programmes. Further, the Principal discusses with the Heads of the Department at the end of each month to know the status of progress and enrichment of the programmes. At the same time, the authority is vigilant in the maintenance of daily progress register for the progress of courses. Besides academic enrichment, structural development of the college (construction of hostel, sports complex, academic block) are also properly monitored in collaboration with respective government departments.

1.4 FEEDBACK SYSTEM

1.4.1 *What are the contributions of the institution in the design and development of the curriculum prepared by the University?*

Senior faculty members of all the PG Departments attend the meeting of the Board of studies of the affiliated university and Autonomous Colleges, which design the curriculum. The existing courses are restructured and updated as per the emerging national and global trends keeping in touch with the syllabi of the reputed institutions. Since, Home Science Department of this college is the only PG Teaching Department of the university, it has the exclusive privilege of formulating the course curriculum. Our faculties keep themselves abreast of the changing national and global trend by attending refresher courses, seminars, etc. The institution gives suggestion through its different feedback system, which is conveyed to the university. The inputs from the alumni are also taken into consideration.

1.4.2 *Is there a formal mechanism to obtain feedback from students and stakeholders on Curriculum? If 'yes', how is it communicated to the University and made use internally for curriculum enrichment and introducing changes/new programmes?*

Yes, the feedback received from the students and stakeholders on curriculum are reviewed and upgraded with due permission of the government and concurrence of the university. Demands of the students for opening of Commerce at the UG level, PG in Economics and Education, M.Phil in Home Science, Political Science and Odia have been put forward to the higher authority. From this academic session (2015-16), the Government has been pleased to introduce Commerce in +3 level, Fashion Technology, Food Processing and Preservation, Para Medical and Healthcare, Travel and Tourism for +3 Science and Arts, Horticulture (for +3 Science only) pending the university affiliation.

1.4.3 *How many new programmes/courses were introduced by the institution during the last four years? What was the rationale for introducing new courses/programmes?*

Four new programmes/ courses have been introduced by the institution during the last four years. It includes – Anthropology Honours, PG in Odia and Political Science, Communicative English for all. These courses have been introduced keeping in view the

demands of the students and the guardians (as reflected in the parent-teacher meets). Further, employment viability of these courses cannot be set aside.

The Undergraduate Course of the college has been further enriched with the opening of subjects like Fashion Technology, Food Processing and Preservation, Para Medical and Healthcare, Travel and Tourism Management and Horticulture.

Any other relevant information regarding curricular aspects which the college would like to include.

- Our Department of Library and Information Science is the only department in the entire State to offer an exclusive course of Bachelors in Library Science.
- The Urdu Department of our institution is one of the two departments in the State offering UG Honours in Urdu.

CRITERION II:

TEACHING,

LEARNING

AND

EVALUATION

2.1 STUDENT ENROLMENT AND PROFILE

2.1.1 How does the College ensure publicity and transparency in the admission process?

Publicity in the Admission Process:

The details of admission guidelines are uploaded in the college calendar/ website www.sailabalawomenscollege.com before commencement of the admission process. E-mail and telephonic queries of the students and guardians are responded promptly by the admission committee. Advertisements regarding the admission schedule and other important information are published in all Odia newspapers along with local T.V channels covering details of the admission procedure from time to time.

Huge billboards are fixed at the main entrance of the college to inform the candidates about e-admission. There is a provision of Help Desk, where teachers help the students and their guardians to fill the forms correctly. The Department of Higher Education also publicises the e-admission process through making advertisements in the Odia and English newspapers, publishing regular news on the status of admission.

Transparency in the Admission Process:

The admission process at UG level is done centrally through Student Academic Management System (SAMS) introduced by the Government of Odisha. Students apply online and selection is done centrally by software hired by Odisha Computer Application Centre (OCAC). This e-admission system itself ensures transparency in the admission process. All the information are available in the government website and applications are invited in advance for all courses with subsequent preparation and publication of the merit list. Accordingly, hostel seats are allotted on merit basis. Admission to every course is conducted under the supervision of the admission committee constituted for the purpose and honours selection is done through counselling basis after the admission. However, the admission process for all PG courses is made on merit basis at college level as per Government guidelines.

The Help Desk is always active to attend the queries of the candidates and guardians. Admission registers/ long rolls of all the classes are prepared where details of the students are mentioned. Proper documentation is made to avoid any discrepancy.

2.1.2 Explain in detail the criteria adopted and process of admission (Example (i) Merit (ii) Common admission test conducted by the state and national agencies (iii) Combination of merit and entrance test or merit, entrance test and interview (iv) any other) to various programmes of the institution.

Admission into UG streams are made through e-admission process of the Government of Odisha, which is applicable for all degree colleges of the State from the academic session 2010-11. Desirous students apply through a Common Application Form (CAF) online through www.dheorissa.in. The college and stream-wise selection list is drawn by the State Government on merit as well as reservation and weightage as per Government norms in vogue. Admission into PG courses are done on the basis of merit along with the reservation and weightage policies of the Government.

2.1.3 Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college and provide a comparison with other colleges of the affiliating university within the city/district.

For the year 2014-15:

PROGRAMME	MINIMUM MARKS	MAXIMUM MARKS
+3 ARTS	38.83%	85.8%
+3 SCIENCE: BIOLOGICAL SCIENCE	48.67%	82.8%
PHYSICAL SCIENCE	51.17%	83.5%

PG: HISTORY	48.3%	54.7%
HOME SCIENCE	50.6%	84.1%
SANSKRIT	66.5%	82.5%
POLITICAL SCIENCE	58.5%	62%
ODIA	60.5%	68.5%
SELF-FINANCING COURSE: COMPUTER SCIENCE	47.5%	73%

There is no other college within the city/ district offering PG courses of the affiliating university.

Admission details of Christ College, Cuttack, for the year 2014-15:

PROGRAMME	MINIMUM MARKS	MAXIMUM MARKS
+3 ARTS	34.5%	70.17%
+3 SCIENCE:		
BIOLOGICAL SCIENCE	42.67%	76.33%
PHYSICAL SCIENCE	46.83%	78.67%
SELF FINANCING COURSE	47.33%	61%

2.1.4 *Is there a mechanism in the institution to review admission process and student profiles annually? If 'yes', what is the outcome of such an effort and how has it contributed to the improvement of the process?*

Yes, the admission is conducted through e-admission process centrally by the Department of Higher Education, Government of Odisha, which reviews the admission process throughout the admission time schedule. Besides, there is an admission committee to review the admission process and students profile (Return of Matriculates) annually. Admission in-charge and the officers in-charge entrusted with the work supervise and facilitate the admission process. The outcome of such an effort results in bringing about transparency, streamlining and systematizing the admission process, following the reservation policy strictly as per provision of the government and selection of meritorious and suitable students from the weaker sections.

2.1.5 *Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National commitment to diversity and inclusion.*

The admission policy of the institution and its students' profile demonstrate/ reflect the rational commitment to diversity and inclusion by adopting the following strategies to increase/ improve access for the following categories of students:

- ❖ SC/ST: Reservation in the admission policy exists as per rule. There is a provision of Post Matric Scholarship, sponsored by Government of Odisha for every academic year. Recently, the Government has introduced e-scholarship system to make the process more transparent and rapid.

- ❖ OBC: Special attention is given to the socially and economically backward students and financial assistance is made for them from Social Service Guild (SSG).
- ❖ Women: The institution being a heritage women's college of the state, every effort is being made to prepare women for their vibrant roles and dynamic responsibilities in the contemporary scenario. They are well equipped to prove their mettle in the changing global world. The Government of Odisha has exempted tuition fee for all girl students in Government institution.
- ❖ Differently Abled: Time-table is set keeping in mind the requirement of such students. Differently-abled students are allotted their time-table in such a manner that their classes are held on the ground floor. Students with speech disorder are counselled by the Department of Psychology. Reservation of 3% of seats in admission and provision of scholarship are there. A 50 bedded hostel has been financially approved by the Government.
- ❖ Economically Weaker Sections: Provision of financial assistance is made from Social Service Guild (SSG).
- ❖ Minority Community: There is a provision of Government of Odisha scholarship for them during their study.
- ❖ Any other: Outstanding Achievers in Sports: Admission rules are relaxed for students who have won recognition or participate in state/ national level sports events. This is done as per the rules prescribed by the government.
- ❖ N.C.C and N.S.S. Rangers: There is a provision of the state government regarding reservation/ relaxation to them at the time of admission.

2.1.6 Provide the following details for various programmes offered by the institution during the last four years and comment on the trends, i.e. the reasons for increase/decrease and actions initiated for improvement.

2.2 CATERING TO STUDENT DIVERSITY

2.2.1 *How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard?*

The Government policies for differently abled students are strictly adhered to by the institution. The institution caters to the needs of differently abled students by:

- i. Supplying recorded cassettes to visually impaired students
- ii. Allotment of rooms in the ground floor of the hostel with proximity to dining hall and lavatories.
- iii. Visually impaired students are allowed scribes in the examination along with being given additional time.
- iv. They are provided with scholarships, hostel accommodation as per Government norms.
- v. Being escorted by their friends or other members of the college.
- vi. Financial approval has been made for a 50-seater hostel exclusively for differently abled students.

2.2.2 *Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process.*

As the admission of the UG students is controlled by the government through e-admission, the scope for need-assessment is not there at the college level. However, after admission in the induction programme the college guides the students to take Honours subjects and other elective subjects depending upon their merit and aptitude for those subjects and the future prospects of the subjects.

2.2.3 *What are the strategies adopted by the institution to bridge the knowledge gap of the enrolled students (Bridge/ Remedial/ Add-on/ Enrichment Courses, etc.) to enable them to cope with the programme of their choice?*

The college attempts to bridge the knowledge gap of students through the following programmes:

- Seminars/ workshops/ sensitization programmes
- Proctorial classes

- Departmental seminar classes
- Extra-mural lectures
- Proposal is sent to government for add-on courses like Bachelor in Vocational, M.Phil in Home Science and Political Science.

2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusion, environment, etc.?

The institution being a women's institution always gives importance to gender issues.

- Seminars/ workshops are held on gender related issues such as female foeticide, save the girl child, domestic violence, women empowerment, gender sensitization.
- Publication of wall magazine on gender issues and awareness on environment pollution, campus cleanliness drive under Swacha Bharat Abhiyan.
- Co-curricular activities like health and hygiene development programmes, tree plantation through eco-club, developmental works for the slums, distribution of pamphlets on gender and environment issues.
- Debates, discussions and awareness programmes in the hostels.
- Environment study is a compulsory subject at the degree level.
- Sensitization of the students through proctorial classes for eco-friendly, garbage-free campus.
- Energy saving measures by using bicycle, public transport and car-pooling on every Saturday.

2.2.5 How does the institution identify and respond to special educational/ learning needs of advanced learners?

The advanced learners are identified through:

- Academic history
- Counselling
- Orientation programmes
- Involvement in academics and curricular activities
- Feedback from peers
- Academic records
- Faculty feedback

The institution responds to the needs of these advanced learners through the following:

- Extended library facilities
- ICT learning for enhancement of skills
- Leadership positions in academics and extra-curricular committees/ activities and paper presentation and publication in national seminars and workshops
- Recognition at various forums
- Awards and Rewards
- Special teaching through language lab
- Placement in Achiever's Gallery

2.2.6 *How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections, etc. who may discontinue their studies if some sort of support is provided)?*

The institution collects, analyzes and uses data/ information on the academic performance of the students through half-yearly and mid-semester examinations. Further, the students are constantly in interaction with the teachers in theory and practical classes, in addition to their parent being in touch, where any academic discrepancy is marked with the student. Special attention is given to the students from disadvantaged sections of the society, economically disadvantaged, physically challenged, etc. by faculty members through personal interaction, special classes and parent – teacher meetings. The incremental academic growth of these students is assessed by tracking the results of subsequent examinations they appear.

2.3 TEACHING – LEARNING PROCESS

2.3.1 *How does the college plan and organise the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)*

The government has circulated a Common Minimum Standard (CMS) for maintenance of quality in the academic atmosphere of all the colleges of the state. Our college strictly adheres to this CMS, which prescribes the following:

- Common academic calendar
- Common time table
- Lesson plan by each teacher for individual classes
- Maintenance of daily progress register
- Keeping record of student attendance through attendance register
- Maintaining prescribed teaching days
- Subject wise question bank
- Seminar for Honours and PG students
- Availability of sufficient text-book, reference books, journals and internet facility in the library
- Teachers are to stay for minimum 5 hours in the college
- Minimum 25 classes per week

2.3.2 *How does the IQAC contribute to improve teaching – learning process?*

IQAC meetings are conducted at regular intervals, which monitor both the regularity and quality of teaching.

2.3.3 *How is the learning made more student-centric? Give details on the support structures and systems available for teachers to develop skills like interactive training, collaborative learning and independent learning among the students?*

Learning is made more student-centric by giving them topics on seminar papers/ project works, which are prepared under the direct supervision of a senior teacher and then they are made to present it on a seminar or workshop. A huge five-storied academic block has been constructed to accommodate different departments of humanities with separate classrooms.

- Lectures and seminar rooms in each of the science departments with provision of computer and LCD projectors
- Focus is given to make the teaching interactive by which the students are made to feel free enough to interact with the teachers.
- Different departments collaborate with the PG departments of Utkal and Ravenshaw Universities for better academic growth.
- The student and faculty members keep pace with the recent developments through internet, books and journals. Some departments have their libraries in addition to the central library, which has a comprehensive collection of books and journals.

2.3.4 How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?

Creative writing in the form of poetry, short stories, jokes, popular science topics, etc. are encouraged by publishing the same in the college magazine or wall magazines, departmental seminar bulletins. Scientific temperament is installed by assigning small project works, publishing their writings in wall magazine of Science block. Various societies in the college aim at enhancing and nurturing the creative and scientific temper of the pupils beyond syllabus and textbooks. The college also motivates them to participate in essay, debate, quiz, painting, rangoli, mehendi competitions in and outside the campus. Our students have won awards in Chancellor's Cup debate and many more awards at the district level in drawing, painting and rangoli competitions.

The college encourages critical thinking, creativity and scientific temper among the students through –

- Seminar/ workshops
- Project works
- Group discussions/ debates
- Writing articles for college magazine, wall magazines.

2.3.5 What are the technologies and facilities available and used by the faculty for effective teaching? Example: Virtual laboratories, e-learning resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on

Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.

Faculties use overhead projectors, LCD projectors, etc. for teaching purpose besides blackboard method. They refer different educational websites and e-journals from the internet for disseminating knowledge to the students. A computer laboratory already exists and proposal for Wi-fi campus is under serious consideration.

2.3.6 *How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops, etc.)?*

The students are exposed to advance level of knowledge and skills through the following:

- Provision of educational trips to give firsthand knowledge to the students
- Interface with eminent writers, academicians, scholars, editors, social activists.

Members of faculty get advanced knowledge through the following measures:

- Attending Faculty Development Programme such as orientation/ refresher courses
- Presenting papers in national and international seminars (profiles of individual faculty member attached)
- Publish research papers in journals of repute
- Resource persons in departmental/ state/ national seminars and other learned societies

2.3.7 *Detail (process and the number of students benefitted) on the academic, personal and psycho-social support and guidance services (professional counselling/ mentoring/ academic advice) provided to students?*

Each faculty member is assigned with the duty of proctor, who acts as a counsellor/ mentor/ advisor for a group of 24 students. The proctor looks into the academic, psychological and personal problems of the students allotted to him/her and advice them accordingly and try to sort out the same. Department of Psychology provides counselling to psychologically disturbed students. To redress problems related to stress, anxiety, examination phobia, peer pressure, counselling is provided by expert persons and the faculties.

2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years. What are the efforts made by the institution to encourage the faculty to adopt new and innovative approaches and the impact of such innovative practices on student learning?

Participatory and student-centric teaching methods have been introduced with the use of modern technology in addition to the usual blackboard method. Teachers are constantly motivated to use alternative methods of learning. Some examples are as follows:

- Participation in international, national and state level seminars
- Guest lectures and expert lectures
- Learning through power point presentation
- Learning through visiting adopted slums/ villages

Such innovative practices have a great impact on students learning. It develops their interest and attitude towards learning, develops the analytical skill, scientific and reasoning skill, presentation and communication skill.

2.3.9 How are the library resources used to augment the teaching-learning process?

There is a central library in the college having 66502 no. of books and some research journals, magazines and periodicals. There is also internet and photocopy facility in the library. Students are encouraged to read reference books besides their text books. Photocopy facility is provided to the students at concessional rate and they also utilise the Reading Room facility in the library. The librarian and her staff render all possible help to the students. The working hours of the library are from 9AM to 5PM. Students and staff use the library resources for teaching, paper presentation, publications, project work and research.

2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If 'yes', elaborate on the challenges encountered and the institutional approaches to overcome these.

Since the institution is facing acute shortage of human resources, there is a challenge in completing the courses within the planned time frame. Hence, the following measures are adopted to overcome the same:

- Engaging of guest faculty
- Engaging of experienced retired teachers
- Extra classes
- Motivating students to avail library facility to the maximum
- Helping the students by supplying personal books/ journals and photocopies of study materials

2.3.11 How does the institute monitor and evaluate the quality of teaching-learning?

The institution monitors and evaluates the quality of teaching and learning in the following ways:

- ❖ The Principal verifies the lesson plans of individual teaching and progress register of each department on a monthly basis and even makes surprise visits to different departments.
- ❖ Heads of departments discuss methods adopted in teaching, progress made, student attendance and student performance, etc. with other members of the department, Academic Bursar and the Principal.
- ❖ The Principal convenes meeting of Heads of the Departments at regular intervals to ascertain completion of courses on time, quality teaching methods, improvised classroom environment. She also takes stock of academic performance of the students of each department.

2.4 TEACHER QUALITY

2.4.1 *Provide the following details and elaborate on strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum.*

Members of the faculty are selected by the Odisha Public Service Commission and appointed by the Government of Odisha on regular basis and as per UGC guidelines. However, guest faculties as and when required by different departments are engaged at the college level through walk-in-interview for which open advertisement is made on the college website and in the local newspaper.

2.4.3 Providing details on staff development programme during the last four years elaborate on the strategies adopted by the institution in enhancing the teacher quality.

a) Nomination to staff development programmes

ACADEMIC STAFF DEVELOPMENT PROGRAMMES	NUMBER OF FACULTY NOMINATED
REFRESHER COURSES	12
HRD PROGRAMMES	-
ORIENTATION PROGRAMMES	04
STAFF TRAINING CONDUCTED BY THE UNIVERSITY	-
STAFF TRAINING CONDUCTED BY OTHER INSTITUTIONS	10
SUMMER/WINTER SCHOOLS, WORKSHOPS, ETC.	03

b) Faculty Training Programmes organized by the institution to empower and enable the use of various tools and technology for improved teaching-learning:

- ❖ Teaching learning methods/approaches: Faculty training programmes for e-admission, e-evaluation have been imparted by the institution. The institution also provides infrastructural support and knowledge/ information for the promotion of teaching and faculty improvement programme.
- ❖ Handling new curriculum: The college has experienced and qualified staff to handle the new curriculum effectively. Some of our faculty members are members of Board of Studies in Utkal University and some autonomous colleges of the state. They play a vital role in framing the new curriculum. The HOD calls for meetings with the faculty members to brief and explain the new syllabus and devise methods to empower the teacher to handle the new syllabus.
- ❖ Content/ knowledge management: Our faculties attend courses offered by the universities and other training institutions, state, national and international seminars, field visits which help largely to update their knowledge and skills. Further, they update their knowledge through internet and online study.
- ❖ Selection, development and use of enrichment materials: The college organizes seminars, workshops, disseminating knowledge in all the aspects of teaching learning process. Further faculties are deputed as resource persons, subject experts, to present papers, to conduct interviews, to evaluate papers of competitive exams conducting OPSC exam and staff-selection commission, conduct viva-voce of M.Phil and Ph.D exam, OJEE in technical, aided and government colleges situated both inside and outside the State.
- ❖ Assessment: The Performance Appraisal Report is one of the major yardsticks used for the assessment of the faculty. It gives a clear picture of terms of their in depth knowledge and research aptitude.
- ❖ Cross Cutting Issues: seminars and workshops are conducted where experts from different field are invited to share and deliver their findings and experience. They sensitize and generate awareness about AIDS and gender issues and empowerment of women, save the girl child, road safety, health awareness and other burning issues as part of the college curriculum.

- ❖ Audio Visual Aids/ Multimedia: Our faculties and students have been used to utilise audio visual techniques in the seminars.
- ❖ Teaching learning material development, selection and use: The college has a well-stocked library containing books and research journals of various subjects. Further, the college organizes seminars and conferences which help as a learning source for the faculty.

c) Percentage of faculty:

- ❖ Invited as resource persons in workshops/ seminars/ conferences organized by external professional agencies: 40%
- ❖ Participated in external workshops/ seminars/ conferences recognized by national/ international professional bodies: Approximately 50%
- ❖ Presented papers in workshops/ seminars/ conferences conducted or recognized by professional agencies: 30%

2.4.4 *What policies/ systems are in place to recharge teachers? (For eg: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes, industrial engagement, etc.)*

Teachers interested to complete their M.Phil. or research work for award of Ph.D. avail of Teacher Fellowship and study leave as per Government/ UGC norm. They are also granted permission on to attend the orientation/ refresher courses organised by different universities and academic leave to attend national level seminars/ conference/ workshops. Resource persons attending seminars/ conferences/ workshops are reimbursed their expenses under FIP head of UGC grants availed by the college.

2.4.5 *Give the number of faculty who received awards/ recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/ achievement of the faculty.*

02

2.4.6 Has the institution introduced evaluation of teachers by the students and external peers? If yes, how is the evaluation used for improving the quality of teaching-learning process?

Yes, evaluation of teachers is done periodically by the feedback forms collected from students and verbal information collected by the Alumni. The feedback forms mainly focus on the various teaching skills of the faculty members, like presentation, communication, knowledge, content covered, innovative practices and practical classes. Based on the feedback, necessary actions are taken and HOD/ Principal together advises the faculty on improving upon his/ her performance.

2.5 EVALUATION PROCESS AND REFORMS

2.5.1 *How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?*

Information regarding the evaluation process is specified in the college calendar, which is supplied to the students at the time of admission. In addition, they are also made aware of it in the induction meeting and periodical notices reflected in the college notice board.

2.5.2 *What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?*

The major evaluation reforms initiated by the university are:

- Online submission of mark-foils to speed up result publication
- E-evaluation training for examiners has been imparted by the institution in collaboration with TCS.
- Evaluation is made centrally in different valuation centres to retain transparency.
- List of examiners and rules of examination are displayed online.
- The college provides air-conditioned valuation hall.

2.5.3 *How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?*

The institution implements the evaluation reforms by providing downloaded mark-foils and uploads marks of the Degree examinations. Furthermore, it is a nodal training centre for e-evaluation.

2.5.4 *Provide details on the formative and summative assessment approaches adopted to measure student achievement. Cite a few examples which have positively impacted the system.*

Formative Assessment:

The goal of formative assessment is to monitor students' learning to provide on-going feedback that can be used by instructors to improve their teaching and by students to improve their learning. Formative assessment of the students is done on the basis of the following parameters:

- i. Assignments
- ii. Presentation
- iii. Classroom interaction
- iv. Mid Semesters
- v. General discussions
- vi. Seminars
- vii. Practical class

Summative Assessment:

The goal of summative assessment is to evaluate student learning at the end of an instructional unit by comparing it with a certain standard or benchmark. Summative assessments are often of high stakes, which means that they have a high point value. Such assessment takes place at the end of the academic session, which is conducted by the college. The university conducts a summative evaluation at the end of the session through the following:

- i. Written exams
- ii. Practical exams
- iii. Viva voce

2.5.5 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc.

Internal assessment is not a part of university UG curriculum. However, the PG curriculum as per the university guidelines adopts internal (mid-semester) examination for assessing the students. The term paper and dissertation of the PG students and project work of certain UG classes are assessed by the teachers of the respective departments.

2.5.6 What are the graduate attributes specified by the college/ affiliating university? How does the college ensure the attainment of these by the students?

The graduate attributes specified by the college is reflected in the vision and mission of the college. To attain these attributes the institution conducts:

- Value added awareness through extra-mural lectures
- Involvement through Yoga and Eco-Club

- Self-defence training
- Other co-curricular activities

2.5.7 What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?

The redressal of grievances regarding evaluation in both college and university examination is through the following process:

- Evaluation in the college: The students have free access to the subject teacher regarding marks awarded for the half-yearly and mid-term tests. The teacher clarifies doubts regarding evaluation. Discrepancies if any are treated with seriousness and adequately rectified depending on the nature of the problem.
- University examinations: With regard to university examinations, there is a mechanism adopted by the university for redressal of grievances. Within 10 days of announcement of results, students can apply for re-addition. Whenever necessary, the Utkal University makes arrangements for issuing photocopies of their answer scripts to the students after announcement of results.

2.6 STUDENT PERFORMANCE AND LEARNING OUTCOMES

2.6.1 *Does the college have clearly stated learning outcomes? If 'yes' give details on how the students and staff are made aware of these?*

Yes, the college has clearly stated learning outcomes mentioned in its vision and mission. The students and staff are made aware through the following:

- Vision and mission of the college is prominently put up at a strategic place
- Induction programmes are given to students before the commencement of each academic year
- Time-table and college calendar is given to every student
- Stream-wise syllabus is available to the students in the reading room
- Alumni-students interaction
- Parents-teachers meetings
- Question banks in each department

2.6.2 *Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/programme? Provide an analysis of the students results/achievements (Programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.*

The following monitoring procedures are adopted by the institution:

- Academic monitoring: A senior faculty member acts as the Academic Bursar, who along with few other faculty members supervises the academic activities. The students' performance in the classroom, attendance, performance in the mid-semester exams, theory, practical assignments all are taken into consideration.
- Co-curricular activity monitoring: The institution has a well supportive system for co-curricular activities. These activities are guided by different committees and societies like dramatic, literary, science, athletic, self-defence, NCC, NSS, Red Cross, Rovers Rangers, Eco Club, etc. The college motivates the students to participate in intra and inter college competitions.
- Monitoring of physical and emotional well-being: The institution organizes free health check-up camps for the students, AIDS awareness programme, blood

donation camp, road safety week. While Gymnasium takes care of physical fitness of the students, the Yoga classes make proper alignment of their physical, mental and emotional well-being.

2.6.3 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

The college provides a supportive and vibrant learning environment to its students through the curriculum framed by the affiliating university. The college develops its own strategies for effective teaching learning outcomes. The teaching, learning and assessment strategy is a two-way process, involving both the teacher and the student. They are:

- Maintenance of the lesson plan and progress register by each faculty member, which is supervised by the HOD and Principal.
- Compulsory 75% attendance by the students.
- Continuous Comprehensive Evaluation (CCE) through half-yearly exam, mid-semester test, term papers, projects and seminars.
- Faculty improvement programme –
 - training in e-admission, e-valuation, e-submission of self appraisal reports
 - attending refresher/ orientation courses and other training programmes/ workshops

2.6.4 What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (student placements, entrepreneurship, innovation and research aptitude developed among students etc.) of the courses offered?

The college offers UG and PG level courses, the curriculum for which is framed by Utkal University. However, in the induction programme, the students are made aware of the economic and social relevance of different subjects like Anthropology, Home Science, Economics, Education, Political Science, English, Computer Science, etc. The Career Counseling Cell of the college organizes different meetings and lectures on entrepreneurship skill, job opportunities, etc.

2.6.5 How does the institution collect and analyze data on student performance and learning outcomes and use it for planning and overcoming barriers of learning?

The institution collects and analyses data on students' learning outcomes through half-yearly and mid-semester exams and continuous comprehensive evaluation. The students are informed of their performance with suggestions for betterment. To overcome barriers in learning outcomes, the institution takes the following measures:

- Provision of question bank
- Providing valued answer books to students
- Special extra doubt clearing classes
- Communicative English classes to improve upon the oral, written and communicative skills of the students
- Feedback from the students

2.6.6 How does the institution monitor and ensure the achievement of learning outcomes?

The Head of the institution along with the Academic Bursar monitors all the academic activities. Besides the HODs, all other faculty members keep a vigilant eye on the academic growth of the institution.

- 75% minimum attendance is compulsory for every student
- Test papers are valued within a short period and the students are communicated of the same with suggestions for improvement. Questions are discussed in the class and evaluated answer scripts are shown to the students so that they can analyze their own performance.
- Performances of the students in the staff meetings are discussed and needful measures are taken thereof.
- Progress of the student and other problems are discussed in the parent-teacher meet.

2.6.7 Does the institution and individual teachers use assessment/ evaluation outcomes as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples.

Any other relevant information regarding Teaching-Learning and Evaluation which the college would like to include.

Yes, the college uses evaluation as an indicator tool for evaluating student performance. Minimum 75% attendance is compulsory in the classroom. The following are the process adopted:

ASSESSMENT CRITERIA	LEARNING OUTCOMES
1. Written assessment	Development of written skill, clear expression of thought.
2. Practical skill assessment	Better understanding of the subject.
3. Field work assessment	Getting first-hand information, practical experience and learning by doing.
4. Group assessment	Fosters team work and leadership.
5. Attendance	Leads to punctuality in class.

CRITERION III:

RESEARCH,

CONSULTANCY

AND

EXTENSION

3.1 PROMOTION OF RESEARCH

3.1.1 Does the institution have recognized research center/s of the affiliating University or any other agency/organization?

The library and laboratories of this institution are utilized as research centres by the D.Litt., M.Phil and Ph.D. scholars. The PG and UG students use it for their project work/ dissertation work and writing of term papers.

3.1.2 Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.

This institution has a Research Committee to review the research projects (both minor and major) consisting of the officer-in-charge of the UGC and heads of respective departments with the Principal as the Chairman.

Impact:-

1. Major Research Project of a faculty has been reviewed and forwarded.
2. International, national and state level seminars are conducted as per the recommendations of the Research Committee.

3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/ projects?

- *autonomy to the principal investigator*
- *timely availability or release of resources*
- *adequate infrastructure and human resource*
- *time-off, reduced teaching load, special leave etc. to teachers*
- *support in terms of technology and information needs*
- *facilitate timely auditing and submission of utilization certificate to the funding authorities*
- *any other*

The government has provision of Academic Leave of 15 days per year for attending national/ international seminars, symposia and workshops. Study leave for research activities for faculty in service is provided by the government. Apart from this, our teachers are at liberty to enrol scholars from other universities to guide them in research work. For researchers in

science, sufficient laboratory equipments, gadgets – mainly DTP, computers and journals are provided by us.

3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?

To develop scientific temper, research culture and aptitude among students, departmental seminars are organized almost on weekly basis. Moreover, study tour, participation in projects and field study, workshops, training camps for teachers and students, sensitization programmes, extra-mural lectures, symposia, etc. are arranged regularly for updating their knowledge and skill.

3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual/collaborative research activity, etc.

Number of faculty awarded Ph.D. – 33

Number of teachers engaged in active research – 12

3.1.6 Give details of workshops/ training programmes/ sensitization programmes conducted/organized by the institution with focus on capacity building in terms of research and imbibing research culture among the staff and students.

Training programmes

- Disaster Management training to students and teachers
- E-evaluation training to examiners
- Leadership training through Active Citizenship programme

Sensitization programmes

- Gender sensitization programme
- Health awareness and medical counselling

3.1.7 Provide details of prioritized research areas and the expertise available with the institution.

Prioritized research areas related to gender studies, tribal displacement, disaster management, socio-economic development, ecology, biotechnology, polymer science, etc. finalized by the Subject Research Committee (SRC) of the Utkal University and the

Ravenshaw University pertaining to both social and physical sciences are ventured into by some (nos. 12) of our erudite staff members. The library and laboratories provide an excellent avenue for doctoral and post-doctoral research.

3.1.8 Enumerate the efforts of the institution in attracting researchers of eminence to visit the campus and interact with teachers and students?

Teachers of eminence are invited time and often to visit the college and the departments, to interact with teachers and students by delivering talks on burning issues.

3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?

Members of the staff are given the facility to avail the study leave or the T.F. for research work. They are further allowed to avail 15 days academic leave to attend state/ national/ international seminars.

3.1.10 Provide details of the initiatives taken up by the institution in creating awareness/advocating/transfer of relative findings of research of the institution and elsewhere to students and community (lab to land).

Faculties are requested to present their findings of research to the students and in the departmental seminars through hand notes, leaflets or power point presentation.

3.2 RESOURCE MOBILIZATION FOR RESEARCH

3.2.1 *What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.*

The college does not have financial autonomy to earmark any fund for research.

3.2.2 *Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?*

No

3.2.3 *What are the financial provisions made available to support student research projects by students?*

No such financial support is available to support student research projects in this government college.

3.2.4 *How does the various departments/units/staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.*

The Research Committee of the college encourages the faculty to undertake inter-disciplinary research work in writing research papers, guiding Ph.D scholars and undertaking Major/ Minor Research Projects. Besides, resource persons of eminence in their own disciplines are invited at regular intervals to enlighten the students and faculties in their respective fields. Inter-disciplinary researches are carried on with approval from the respective Subject Research Committee.

3.2.5 *How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?*

The reprography section of the library renders needful assistance to research on demand. Students refer to the journals and books or take copy of the research materials. The institution endeavors to provide electronic gadgets to undertake research work.

3.2.6 *Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.*

The institution receives grants from the UGC for research facilities.

3.2.7 *Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.*

Nature of the project	Duration (Year: from to)	Title of the Project	Name of the Funding Agency	Total Grant		Total Grant Received Till Date

3.3 RESEARCH FACILITIES

3.3.1 *What are the research facilities available to the students and research scholars within the campus?*

We have a high-quality central library with around 66,502 books, along with seminar libraries attached to various departments having PG programmes. Project works and field surveys are done by some departments. Some of our teachers and students use library facilities of nearby colleges and the university.

3.3.2 *What are the institutional strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?*

- Fully automated library
- Internet connection in the library
- A good library with 66502 books, 07 useful journals and 09 periodical magazines

The following strategies are proposed to be adopted for upgrading and creating infrastructural facilities for research:

- i. Separate seminar room for each department
- ii. Internet facility in each department
- iii. Automated library, reading room facility, provision of more research journals and periodicals
- iv. Wi-fi campus
- v. Quantitative data analysis package and training of DEO and IT teachers in its use
- vi. A shelf of standardised data collection instruments in forms of tests, scales, interview schedules, questionnaire, etc. in the central library.

3.3.3 *Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities?? If 'yes', what are the instruments / facilities created during the last four years.*

Yes, the college has received grants from the UGC to carry out minor research activities by the faculty members under the MRP. The college also received Rs.3,16,000 lakhs

for procurement of books and Rs. 49,03,222 for equipment from the government to develop research facilities. No industrial facilities have been available during the last four years.

3.3.4 What are the research facilities made available to the students and research scholars outside the campus / other research laboratories?

Research scholars under the supervision of faculties are advised to visit research centers and libraries off the campus.

3.3.5 Provide details on the library/ information resource center or any other facilities available specifically for the researchers?

Besides the library, a part of the college building utilised as Madhusudan Museum serves as an important centre for research-oriented activities in social science.

3.3.6 What are the collaborative research facilities developed/ created by the research institutes in the college. For ex. Laboratories, library, instruments, computers, new technology etc.

The college has laboratories, computers and other equipment, which can be utilized for teaching as well as research activities. Guest faculties from the Utkal University, Ravenshaw University and other universities of the state and outside are invited to deliver lectures and demonstrate modalities for various research activities and learning processes. The students and teachers are trained to use the Power Point Presentation mode for project work and seminars.

3.4 RESEARCH PUBLICATIONS AND AWARDS

3.4.1 *Highlight the major research achievements of the staff and students in terms of:*

- **Patents obtained and filed (process and product)**
- **Original research contributing to product improvement**
- **Research studies or surveys benefiting the community or improving the services**
- **Research inputs contributing to new initiatives and social development**
- Patents obtained and filed – Nil
- Original research contributing to product improvement – Nil
- Research findings and suggestions of the faculty have no scope to be reflected in government policy. However, its academic as well as intellectual ability cannot be set aside.
- Research inputs of the staff members contribute towards new initiative in physical and social researches.

3.4.2 *Does the Institute publish or partner in publication of research journal(s)? If 'yes', indicate the composition of the editorial board, publication policies and whether such publication is listed in any international database?*

Occasional research journals based on the theme of national seminars have been published in Annual Seminar Bulletins reflecting the academic pursuit of both UG and PG students. Publication of Shailabala Journal of Social Sciences is under process.

3.4.3 *Give details of publications by the faculty and students:*

- Publication per faculty – 8
- Number of papers published by faculty and students in peer reviewed journals (national / international) – National 165, International 90
- Number of publications listed in International Database (for Eg: Web of Science, Scopus, Humanities International Complete, Dare Database - International Social Sciences Directory, EBSCO host, etc.) – 01
- Monographs – 04
- Chapter in Books – 42

- Books Edited – 10
- Books with ISBN/ISSN numbers with details of publishers – 58 (Details of the publishers are provided in the respective individual profile)
- Citation Index
- SNIP
- SJR
- Impact factor
- h-index

3.4.4 Provide details (if any) of:

- **research awards received by the faculty**
- **recognition received by the faculty from reputed professional bodies and agencies, nationally and internationally**
- **incentives given to faculty for receiving state, national and international recognitions for research contributions.**
- Research awards – Nil
- Recognition received by faculty are reflected in individual profile of the faculty members
- There is no provision for incentives to faculty in government organization.

3.5 CONSULTANCY

3.5.1 Give details of the systems and strategies for establishing institute-industry interface?

The college has a Career Counseling Cell, which contacts with the local technical and legal bodies and organizes meetings to inform the students about the possible job opportunities available in various sectors and management institutes.

3.5.2 What is the stated policy of the institution to promote consultancy? How is the available expertise advocated and publicized?

The students are communicated of possible job opportunities. Few students have been provided jobs on sports quota and also as self-defence trainers.

3.5.3 How does the institution encourage the staff to utilize their expertise and available facilities for consultancy services?

- Department of Psychology provides counseling to mentally strained students.
- Faculties participate in different out-reach programmes particularly in uplifting the living conditions of the adopted slum of the college.
- Pro-active alumni members utilize their expertise in creating general awareness among the downtrodden people of the society.

3.5.4 List the broad areas and major consultancy services provided by the institution and the revenue generated during the last four years.

The institution renders free social as well as humanitarian services without any scope of generating revenue. It includes: -

- Health Awareness Programme And Medical Counseling
- Gender Sensitization
- Disaster Management Training
- Workshop on Active Citizenship
- Socio-economic Survey Of Adopted Slums
- Road Safety Week
- Plantation during Vana Mahotsav Week
- Swach Bharat Drive

3.5.5 *What is the policy of the institution in sharing the income generated through consultancy (staff involved: Institution) and its use for institutional development?*

No income is generated through consultancy.

3.6 EXTENSION ACTIVITIES AND INSTITUTIONAL SOCIAL RESPONSIBILITY (ISR)

3.6.1 How does the institution promote institution-neighbourhood- community network and student engagement, contributing to good citizenship, service orientation and holistic development of students?

The institution promotes institution-neighbourhood-community network by engaging its students and members of the staff in social work such as tree plantation, blood donation, AIDS awareness programmes thereby contributing in promotion of good citizenship.

The important activities undertaken by the college are as follows:

- i. Focusing on Energy-Saving Mission by not using vehicles on every Saturday by the staff and the students
- ii. Blood donation camp with an average of 100 – 120 units of blood collected per year
- iii. Disaster Management Training Programme
- iv. Tree plantation on the occasion of 'Van Mahotsav Week' from 1st to 7th July every year
- v. Literacy awareness in slum areas by NSS volunteers

3.6.2 What is the Institutional mechanism to track students' involvement in various social movements / activities which promote citizenship roles?

To promote students' involvement in various social movements/ activities a number of societies/ committees have been operated/ formed by the institution under the guidance of faculty members. They are as follows:

- i. National Social Service (NSS)
- ii. Youth Red Cross (YRC)
- iii. National Cadet Corps (NCC)
- iv. Social Service Guild (SSG)
- v. Day Scholar Association (DSA)
- vi. Self-Defence Training Programme for college girls (SDTP)
- vii. Rovers and Rangers
- viii. Eco Club (Institutional innovation for generating healthy practice)
- ix. Yoga club (Institutional innovation for healthy practice)

These above-mentioned bodies enrol, monitor, guide and advise the students for various activities throughout the year. Different functions are celebrated and social activities are conducted on the days related to the society under notification/ instruction of the college authority.

3.6.3 How does the institution solicit stakeholder perception on the overall performance and quality of the institution?

The institution regularly solicits the perception on the overall performance and quality of the institution through the process of feedback from parent-teacher interaction, parent-teacher meetings, guardian meets of hostel boarders, Alumni Association, Governing Body meet, Students' Advisory Council, Students' Grievance Redressal Cell, Anti-Ragging Cell and Internal Quality Assurance Cell, etc.

3.6.4 How does the institution plan and organize its extension and outreach programmes? Providing the budgetary details for last four years, list the major extension and outreach programmes and their impact on the overall development of students.

The list of extension and outreach programmes is planned well in advance for each academic session. The institution is aware of its social responsibility for which the faculty

members and the students work together tirelessly for social, cultural and other related issues for a brighter future.

Budgetary details for extension and outreach programmes per session are given below:

- YRS – Rs. 23,280/-
- SSG – Rs. 3086/-
- NCC – Rs. 7715/-
- SDTP – Rs. 1,99,030/-
- DSA – Rs. 7715/-
- NSS – Rs. 21,500/-

The institution undertakes various programmes every year by utilising the amount earmarked for each head. These initiatives have positive impact shaping the attitudes and temperament of the students towards the society. As a result, these programmes usher the students into the right path in building the future of the society.

3.6.5 How does the institution promote the participation of students and faculty in extension activities including participation in NSS, NCC, YRC and other National/ International agencies?

The college has a unique provision by which each student has to enrol herself at least one of the organization like YRC, NSS, NCC and SDTP, etc. These organizations undertake a variety of activities with the active involvement of both faculty and students. In addition, with the admission to this college, all the enrolled students automatically become the member of Eco-Club and Yoga Club.

3.6.6 Give details on social surveys, research or extension work (if any) undertaken by the college to ensure social justice and empower students from under-privileged and vulnerable sections of society?

To ensure social justice to the under-privileged and backward sections of the society, the college has undertaken certain programmes, by NSS volunteers, such as:

- Literacy Drive 'Jnanaloka' in the slums situated near Patapol of Cuttack town. A survey has been made to know the literacy rate of the girl child and the hindrances to reach the goal.

- For development and empowerment of students from underprivileged and vulnerable sections of the society priority is given in special classes, moral and material support to the ailing and needy students by the faculty and others. Provision for a separate TRW hostel facility is also made available.

3.6.7 Reflecting on objectives and expected outcomes of the extension activities organized by the institution, comment on how they complement students' academic learning experience and specify the values and skills inculcated.

While undertaking different extension activities, the students are highly benefitted by learning the technique of data collection during field study and collection of specimen by the science students for practical in laboratories.

It has developed the leadership quality with balanced outlook of students and enhanced co-operative spirit in them. As a result the spirit of generosity, humanism and sympathy is also generated. The communicative skills with local people increase their ability to ponder over issues diametrically and solve them easily.

3.6.8 How does the institution ensure the involvement of the community in its reach out activities and contribute to the community development? Detail on the initiatives of the institution that encourage community participation in its activities?

The college has an Alumni Association and Parent-Teacher Association for its reach-out activities. Some members of the association have visited the areas, where extension activities are conducted and persuaded the local inhabitants to participate in the activities to get benefits out of the same.

- The institution has undertaken a programme on gender sensitization with active participation of the district administration.
- Women from the field of law, administration, education, social service and medicine have been invited to generate awareness among the students.

3.6.9 Give details on the constructive relationships forged (if any) with other institutions of the locality for working on various outreach and extension activities.

Constructive relationship has been forged with local colleges of the city to carry out certain outreach programmes. In collaboration with these institutions, road march against reckless driving, Save Girl Child, AIDS awareness programmes and assisting the local

administration in the maintenance of discipline and traffic arrangement in Baliyatra along with the volunteers of other local institutions are the various extension activities.

3.6.10 Give details of awards received by the institution for extension activities and/contributions to the social/community development during the last four years.

- Awarded for Mega Blood Collection in the donation camp (2014)
- Rovers and Rangers' volunteers have been awarded for leadership quality (2014)

5. Padmasri Prativa Roy: Writer of International Repute – Jnanpitha and Murti Devi Awardee
6. Dr. Nityananda Swain: Retd. Prof. in Biochemistry, SCB Medical College, Popular Science writer

3.7.5 How many of the linkages/collaborations have actually resulted in formal MoUs and agreements ? List out the activities and beneficiaries and cite examples (if any) of the established linkages that enhanced and/or facilitated -

- a) **Curriculum development/enrichment**
- b) **Internship/ On-the-job training**
- c) **Summer placement**
- d) **Faculty exchange and professional development**
- e) **Research**
- f) **Consultancy**
- g) **Extension**
- h) **Publication**
- i) **Student Placement**
- j) **Twinning programmes**
- k) **Introduction of new courses**
- l) **Student exchange**
- m) **Any other**

Since ours is a government college, the authority of the institution has no administrative/ legal autonomy to sign any MoU/ agreement with any external agency or industry.

3.7.6 Detail on the systemic efforts of the institution in planning, establishing and implementing the initiatives of the linkages/ collaborations.

Any other relevant information regarding Research, Consultancy and Extension which the college would like to include.

- It is only with the instruction from the government that the institution takes the initiatives of the linkages/ collaboration. For example, with technical know-how from IIT, Kharagpur the English Language Laboratory has sprung up.
- Tata Consultancy Services has collaborated with the college in imparting e-valuation training.
- Student Admission Management System (SAMS) of the college has been operating in collaboration with the Odisha Computer Application Centre for e-admission.
- UGC sponsored national seminar on 'Optimization and Application' was organized by Department of Mathematics in collaboration with Odisha Mathematical Society on 24th December' 2011.
- International Conference and book release on 06.01.2014 on the topic 'Literate Voices, Building Literacy for All' sponsored by California State University.
- National seminar on 14.12.2013 organised by Department of Education on the topic 'Emerging Concerns in Teacher Education' sponsored by TEEKA Foundation.

CRITERION IV:

INFRASTRUCTURE

AND

LEARNING

RESOURCES

4.1 PHYSICAL FACILITIES

4.1.1 *What is the policy of the Institution for creation and enhancement of infrastructure that facilitate effective teaching and learning?*

- As the funding of the institution is controlled by the State Government, it depends upon the government sanction for all infrastructural projects.
- We also depend on UGC grants for construction of hostels, classrooms, buildings, laboratory equipments, etc.
- The local MLA and MP also have contributed from their Local Area Development (LAD) funds for the infrastructural development of the institution.

4.1.2 *Detail the facilities available for:*

a) *Curricular and co-curricular activities – classrooms, technology enabled learning spaces, seminar halls, tutorial spaces, laboratories, botanical garden, animal house, specialized facilities and equipment for teaching, learning and research etc.*

b) *Extra –curricular activities – sports, outdoor and indoor games, gymnasium, auditorium, NSS, NCC, cultural activities, Public speaking, communication skills development, yoga, health and hygiene etc.*

Curricular Activities

- There are seminar halls in the departments of Physics, Chemistry, Botany, Zoology, Mathematics, Home Science and departmental rooms for Economics, Education, History, Library Science, Political Science, Psychology, Sanskrit, Computer Science and IT.
- Apart from seminar rooms and halls, there are laboratories in the department of Physics, Chemistry, Botany, Zoology, Home Science, Psychology, Computer Science and IT.
- There is botanical garden and herbal garden inside the college premises in the science block.
- Electronic gadgets like laptop, LCD projectors, document visualizer, electronic board and digital writing pads are used in special teaching-learning process besides the blackboard method of teaching.

4.2 LIBRARY AS A LEARNING RESOURCE

4.2.1 Does the library have an Advisory Committee? Specify the composition of such a committee. What significant initiatives have been implemented by the committee to render the library, student/user friendly?

Yes, the Library Advisory Committee consists of six members headed by the Principal and three other senior faculty members. The committee has taken the following initiatives:-

1. The library is completely computerized. Transactions like issue and search for books are performed through computers.
2. The college library has a specific reading room. An internet kiosk is installed in front of the reading room through which the students can freely surf the internet to collect valuable online data.
3. Provision for reprography facility.
4. Question bank and syllabus are provided on demand.
5. New arrivals are displayed on the notice board.
6. A complaint-cum-suggestion box is installed.
7. Newspaper clippings are displayed to create awareness among the students.

4.2.2 Provide details of the following:

- **Total area of the library (in Sq. Mts.)**
- **Total seating capacity**
- **Working hours (on working days, on holidays, before examination days, during examination days, during vacation)**
- **Layout of the library (individual reading carrels, lounge area for browsing and relaxed reading, IT zone for accessing e-resources)**
- Total area of the library – 1000 sq. mts.
- Total seating capacity – 100
- Working hours –
 - 9am to 5pm on all working days
 - 8am to 5pm during examination days
 - During vacation library remains opened according to the roster duty of library staff.
- Relaxed reading room measuring 16 sq. mts.

4.2.3 *How does the library ensure purchase and use of current titles, print and e-journals and other reading materials? Specify the amount spent on procuring new books, journals and e-resources during the last four years.*

Library holdings	Year -1 2011-12		Year – 2 2012-13		Year – 3 2013-14		Year – 4 2014-15	
	Number	Total Cost	Number	Total Cost	Number	Total Cost	Number	Total Cost
Text books	-	-	140	Rs.23,000	473	Rs.1,34,500	331	Rs.72,500
Reference Books	70	Rs.63,000	-	-	-	-	-	-
Journals/ Periodicals	-	-	-	-	-	-	-	Rs. 25,000
e-resources	-	-	-	-	-	-	-	-
Any other (specify)	-	-	-	-	-	--	-	-

4.2.4 *Provide details on the ICT and other tools deployed to provide maximum access to the library collection?*

- OPAC – Nil
- Electronic Resource Management package for e-journals – Nil
- Federated searching tools to search articles in multiple databases – Nil
- Library Website – library is disseminated through college website
- In-house/remote access to e-publications – Nil
- Library automation – done
- Total number of computers for public access – 02
- Total numbers of printers for public access – 02
- Internet band width/ speed – 10mbps
- Institutional Repository – Nil
- Content management system for e-learning – Nil
- Participation in Resource sharing networks/consortia (like Infflibnet) – Nil

4.2.5 *Provide details on the following items:*

- Average number of walk-ins: 70 – 100
- Average number of books issued/returned: 80 – 120
- Ratio of library books to students enrolled: 70,000 books : 2500 students
- Average number of books added during last three years: 1000

- Average number of login to OPAC: Nil
- Average number of login to e-resources: Nil
- Average number of e-resources downloaded/printed: Nil
- Number of information literacy trainings organized: Nil
- Details of “weeding out” of books and other materials: Nil

4.2.6 Give details of the specialized services provided by the library:

- Manuscripts – Nil
- Reference – books issued to staff and students
- Reprography – Facility is provided
- ILL (Inter Library Loan Service) – Nil
- Information deployment and notification (Information Deployment and Notification) – Nil
- Download – Nil
- Printing – Yes
- Reading list/ Bibliography compilation – Yes
- In-house/remote access to e-resources – Nil
- User Orientation and awareness – Nil
- Assistance in searching Databases – Nil
- INFLIBNET/IUC facilities – in the process

4.2.7 Enumerate on the support provided by the Library staff to the students and teachers of the college.

Guidance is given to the students who want to participate in competitive examination, quiz, essay and debate competitions, etc. The library takes the help of newspaper clippings service to make the students aware of the happenings around them and current affairs. The new arrival display service helps the staff and students to know the books added in a particular subject. The librarian and other supporting staff help the students and teachers in getting their books from the library.

4.2.8 What are the special facilities offered by the library to the visually/physically challenged persons? Give details.

Wheelchair facility is provided to the physically challenged persons. The library staff extends complete support and help to them in finding books and journals.

4.2.9 Does the library get the feedback from its users? If yes, how is it analyzed and used for improving the library services. (What strategies are deployed by the Library to collect feedback from users? How is the feedback analyzed and used for further improvement of the library services?)

Yes, there is a feedback system to improve the functioning of the library. Feedback is collected through:

1. Suggestion-cum-complaint box
2. Feedback gathered from faculty and students are analyzed and discussed in the library committee meeting.
3. Effective decisions are implemented to improve the services of library.

4.3 IT INFRASTRUCTURE

4.3.1 Give details on the computing facility available (hardware and software)

at the institution:

- Number of computers with Configuration - 48
- Computer-student ratio – 1:3 (for Computer Honours)
- Stand alone facility – Inverter and generator facility
- LAN facility – LAN facility is available at SAMS
- Wifi facility - Nil
- Licensed software – e-admission software, HRMS and monthly salary bill provided by the government
- Number of nodes/ computers with Internet facility – Internet facility is available in SAMS/ Library
- Any other – Computer laboratory

4.3.2 Detail on the computer and internet facility made available to the faculty

and students on the campus and off-campus?

Some of the departments in our college are provided with desktops/ laptops for the use of the faculty as well as the students. Besides this, there are desktops in examination section, college office, accounts section, SAMS and library.

Internet facility is not provided to the departments individually. However, faculty members are use their personal internet USB drives. Additionally, the internet facility available at SAMS is also accessible to the staff.

4.3.3 What are the institutional plans and strategies for deploying and upgrading the IT infrastructure and associated facilities?

A proposal is sent to the State Government for turning the institute into a wi-fi campus. Computers are to be provided to each department and additional computers/ laptops are to be provided to the departments already having the same. Teachers are to be completely trained in ICT. On the whole, the institute plans to be a technology oriented hub in the next few years.

4.3.4 Provide details on the provision made in the annual budget for procurement, upgradation, deployment and maintenance of the computers and their accessories in the institution (Year wise for last four years).

Since ours is a government institution, the annual budget is prepared by the government. Computers are procured out of the government and UGC grants.

4.3.5 How does the institution facilitate extensive use of ICT resources including development and use of computer-aided teaching/ learning materials by its staff and students?

The institution facilitates extensive use of ICT resources by the use of computers, video teaching with LCD projectors, interactive board, etc. The students are encouraged to present their seminar papers, project work through power point presentations, uninterrupted power supply facility (inverters) is available in some departments.

4.3.6 Elaborate giving suitable examples on how the learning activities and technologies deployed (access to on-line teaching - learning resources, independent learning, ICT enabled classrooms/learning spaces etc.) by the institution place the student at the centre of teaching-learning process and render the role of a facilitator for the teacher.

“Learning to Be” is the motto of education today. Our institution understands that the role of a teacher is that of a facilitator. The teaching-learning process has to be learner-centric. Hence, the teacher has to be knowledgeable enough to handle all queries of his/ her students. The faculty members and the students are encouraged to use IT enabled teaching-learning process. The college already has a computer science and IT department and furthermore, it also motivates its staff to undergo e-training programme.

4.3.7 Does the Institution avail of the National Knowledge Network connectivity directly or through the affiliating university? If so, what are the services availed of?

No.

4.4 MAINTENANCE OF CAMPUS FACILITIES

4.4.1 **How does the institution ensure optimal allocation and utilization of the available financial resources for maintenance and upkeep of the following facilities (substantiate your statements by providing details of budget allocated during last four years)?**

a.	Building
b.	Furniture
c.	Equipment
d.	Computers
e.	Vehicles
f.	Any other

- a. Building: In 2011-12, a sum of Rs. 1,33,696 has been sanctioned by the Government of Odisha for repair of building and staff quarters. Recently a sum of Rs. 5,97,64,674 has been sanctioned by the state government for construction of classrooms, hostels, etc. The college has night-watchmen, gardeners, sweepers, who perform their respective duties on a regular basis.
- b. Furniture: Nil
- c. Equipment: For purchasing lab equipments the amount granted in the respective session is as follows:

Seminar bulletins are published annually by the respective departments to encourage the academic pursuit. Souvenirs are also published when any department organizes a national seminar sponsored by the UGC like seminars in Mathematics in 2011 and History in 2012.

5.3.5 Does the college have a Student Council or any similar body? Give details on its selection, constitution, activities and funding.

The college has a Students' Union, which is a representative body of the students. Every degree student as well as student of the PG department is a member of the union and is eligible for election to any of its offices subject to the provisions of Election Rules (mentioned in College Calendar).

There shall be an Executive Committee of the College Union with the functions mentioned in the college calendar. The office bearers of the union are:

- The President
- The Vice-President
- The Secretary
- The Assistant Secretary

They are all elected from among the students. One Advisor and a team of Associate Advisors are nominated by the Principal from among the teaching staff to guide the students in the work of the union.

The functions of the union are detailed as follows:

- i. To organize discussions of the general, cultural, academic, national and international problems.
- ii. To organize debates and quizzes, group discussions, etc.
- iii. To invite eminent persons to address the union.
- iv. To take up such other activities as are proposed by the union and approved by the Principal.

The mode of election, vacancies in offices, amendments to rules – every detail has been clearly reflected in the college calendar.

5.3.6 Give details of various academic and administrative bodies that have student representatives on them.

The college believes in giving equal opportunities to all the students in maintaining discipline and supporting the administration for the holistic growth of the institution. The college breathes this aura of feelings “Let us be united in our thoughts, in our actions and our endeavors, for in unity lies our strength”.

The details of the academic as well as administrative bodies are as follows:

1. The College Union: [Details have been provided under 5.3.5]
2. The Athletic Society: The Executive Committee of the Society consists of President (Principal ex-officio), Vice-President (to be nominated by the Principal), Secretary and Assistant Secretary (elected). The society organizes annual athletic meet, indoor and outdoor games, inter and intra-college meets, tournaments throughout the year. The society is quite vibrant with all its rules and regulations mentioned in the calendar.
3. The Dramatic Society: The Dramatic Society of the college is managed by a committee consisting of President (Principal ex-officio), Vice-President (to be nominated by the Principal), elected Secretary and Assistant Secretary and one representative from each class. The society organizes annual cultural programme, drama, one-act plays and various competitions throughout the year.
4. The Day Scholars' Association: All the day scholars of the college are members of this association. Student representatives include one Secretary, one Assistant Secretary and class representatives. The association functions on the whole under the Vice-President, who is a faculty member nominated by the Principal. The association conducts Saraswati Puja, Ganesh Puja and such other functions as may be necessary.
5. The Social Service Guild: The guild is called the ‘Shailabala Women’s College Social Service Guild’ with the aim to grant stipends to the needy and deserving students to accelerate their academic pursuit. Each student of the college contributes yearly subscription of Rs.2/- towards guild fund. The Executive

Committee consists of Principal (President), Vice-President (nominated by the Principal) and student members to be nominated by the Vice-President.

6. The Literary Society: The Literary Society of the college includes all the students of the college as members. The affairs of the society are managed by a committee with President (Principal ex-officio), Vice-President (to be nominated by the Principal), Secretary, Assistant Secretary and class representatives to be elected. The society arranges extra lectures and debates on literary topics along with organization of various literary competitions.
7. The Science Society: All the science students are members of this society. The Executive Committee of this society consists of the President (Principal ex-officio), Vice-President (nominated by the Principal) along with elected Secretary, Assistant Secretary and class representatives. The society is committed to dissemination of scientific knowledge through debates, discussions, exhibitions, workshops and lectures by eminent scientists. Various competitions are held under the auspices of the society to keep the students alert on contemporary matters.
8. The Debating Society: This society includes all the students of the college as its members. The working committee consists of President (Principal ex-officio), Vice-President (nominated by the Principal) along with elected Secretary, Assistant Secretary and class representatives. The society aims at conducting debates at frequent intervals to increase the debating pursuit of the students.
9. The Students' Common Room: The college has two common rooms in both Arts and Science blocks for the interest of the students. Newspapers, periodicals along with indoor game facilities are provided to the students to pass their leisure time in a constructive manner. One senior member of the staff (nominated by the Principal) with other officers (for respective classes) look at the overall functioning of the common room.

5.3.7 How does the institution network and collaborate with the Alumni and former faculty of the Institution.

Any other relevant information regarding Student Support and Progression which the college would like to include.

The institution collaborates actively with the Alumni Association in organizing health camps, awareness-generating seminars or in the celebration of various programmes like College Foundation Day and the like. Former reputed faculty members are invited on several occasions to deliver extra-mural lectures. They also get themselves associated with the socio-cultural and academic activity of the college from time to time.

The college being the nerve centre of Odia nationalism of yesteryears, tries its best to inculcate the same feeling among its students. Felicitation of freedom fighters, litterateurs, reputed alumni, cleanliness drive by the students outside the college campus, art exhibition and felicitation drive for the local artists are some of its constructive programmes to set a glaring example for evolving a balanced character among the next generation.

Policy Statement and Action Plans

Policy statements and plans for the colleges are formulated by the Department of Higher Education and communicated, monitored and evaluated accordingly.

Action Plans

For the incorporation of the action plans of the Department of Higher Education into the institutional strategic plans, a common minimum standard is prescribed which has to be followed by all colleges.

- Periodic review meeting by the Principal Secretary to Government, Department of Higher Education
- Periodic review meeting by Director Of Higher Education/ Regional Director of Education
- Monthly review meeting by the Principal
- Quarterly review meeting by the IQAC (Internal Quality Assurance Cell)
- Annual review meeting by social audit and monitoring committee

Interaction with Stakeholders

- The college has an elected student union and student council with a President, Secretary, Class Representatives, who interact with the teachers, counsellors and Principal regarding their needs and grievances.
- The college has the following associations and cells for interacting with students. Parents and local society:
 - The Parent – Teacher Association

- The Alumni Association
- The Grievance Redressal Cell
- The Proctorial Cell
- Visiting of IQAC Cell Resource Persons and Academicians

Support for Policy and Planning

Written feedbacks from the students and informal communication with the parents and alumni members help in the assessment and catering to the diversified needs of the students. Visiting resource persons and academicians strengthen the research instinct of the students and faculty by their suggestions and guidance.

Reinforcing Culture of Excellence

- The authority keeps a regular vigil on the teacher and student attendance, timely engagement and completion of syllabi and putting in all efforts to provide modern teaching-learning facilities to reinforce the culture of excellence.
- The students who excel in academic and cultural activities are felicitated by being awarded certificates and prizes on the Annual Day function or on other special occasions of the college.
- The college is also keen on sustainable development of the students in co-curricular and extra-curricular activities.
- The students participating in different sports/ NSS/ NCC/ YRC activities are also duly awarded on special occasions.
- Achiever's gallery of the college projects the individual achievement of the student.
- The two innovative programmes like Eco Club and Yoga Club help in holistic growth of the pupils.

Championing Organizational Change

The authority seeks proposals from different departments and other vital wings like library, sports, office, examination section and other support services with respect to their infrastructural requirement from time to time. These are analysed in the Planning and

Development Committee of the college and necessary follow-up actions are taken on priority basis with availability of funds in different heads.

6.1.4 What are the procedures adopted by the institution to monitor and evaluate policies and plans of the institution for effective implementation and improvement from time to time?

To monitor and evaluate the implementation of policies and plans, the following procedures are adopted:

- The Performance Tracking Cell of the Department of Higher Education keeps a vigilant eye on the performance of the institution.
- Inspection by DHE/ RDE as and when required
- Inspection by DLC (District Level Consultant) appointed by the government
- Social Audit by the office of the Accountant General and Higher Education Department
- Review by the Internal Quality Assurance Cell on maintenance of the quality of the institution.

6.1.5 Give details of the academic leadership provided to the faculty by the top management?

Academic leadership is provided to the faculty by the top management through the following:

- Providing opportunities for appointment in various administrative posts such as Director of Higher Education, Deputy Director, Additional Director, Regional Director, Additional Secretary to Government as well as Principals of various colleges.
- At the college level the Principal appoints the Academic Bursar, Administrative Bursar and Accounts Bursar from among the senior staff members, who look after the smooth functioning of academic environment, administrative and account matters respectively, of the college.
- The senior faculty members act as the HOD of the department, who carries out the responsibilities of coordinating the departmental works.

- The NCC, NSS Youth Red Cross and Rangers wings of the college are very much active, which helps in grooming upcoming leaders of the college.

6.1.7 How does the college delegate authority and provide operational autonomy to the departments / units of the institution and work towards decentralized governance system?

For the decentralized governance system, the college follows the principles stated below:

- Each department is headed by the senior most member among the teaching faculty, who functions as the Head of Department and acts as a link between the teachers, students and administration.
- Each department maintains its own:
 - Departmental stock and store
 - Departmental rooms and laboratories
 - Departmental time table

- Departmental registers such as –
 - Student attendance register
 - Daily progress register
 - Lesson plan and progress register of faculty members
 - Tabulation register for recording half yearly/ tests/ mid-semester marks
 - Seminar register
 - Question bank
- Each department holds its own seminar, cultural functions and competitions
- Each department is allotted a room, required furniture, certain amount of contingency, which they can spend for their own need or development.
- Each department has a separate notice board, display board for displaying its own activities.

In addition to academic responsibility, the faculty also takes up administrative responsibility and is on the functional committee that covers all aspects of governance of the institution.

6.1.8 Does the college promote a culture of participative management? If 'yes', indicate the levels of participative management.

Yes, the college promotes a participative management at all levels through the following mechanisms:

- Certain decisions relating to administrative issues are taken by the Staff Council, of which each faculty is a member
- Decisions related to social, cultural events are taken by the Staff Club. Each teacher is a member of the club.
- The decisions relating to academic innovation, review or implementation are taken in the meetings of Heads of the Departments.
- Teachers are given charge of various offices, Associations, Societies as Vice-Presidents, Associate Vice-Presidents, Officers in-charge and members as part of their Co-curricular and Extra-curricular assignments.

-
- Senior members of staff are given responsibility to act as Administrative Bursars, Academic Bursars, Accounts bursars so that they can oversee a particular area of work.
 - Teachers are given the responsibility of Hostel Superintendents/ Assistant Superintendents to look after the hostel boarders.

6.2 STRATEGY DEVELOPMENT AND DEPLOYMENT

6.2.1 *Does the Institution have a formally stated quality policy? How is it developed, driven, deployed and reviewed?*

The institution has a formally stated quality policy, which is reflected in its curricular and co-curricular programmes. The curriculum is provided by the affiliating university. The academic committee, all HODs and members of the IQAC cell develop the quality policy for the whole academic session. The teachers and students are made aware of the policy in the induction programme. The government also monitors the quality policy through Parent-Teacher Association and Common Minimum Programme.

Participation of teachers in conferences, seminars, refresher courses and participation of students in different state and national level competitions provide scope to ascertain their SWOC and review them. The feedback collected from the students, Alumni and PTA also helps in reviewing the quality policy.

6.2.2 *Does the Institute have a perspective plan for development? If so, give the aspects considered for inclusion in the plan.*

Yes, the institute has a perspective plan for development. Committees are constituted for each and every development work along with students being part and parcel of the plan. Committees like UGC, examinations, Dramatic, Athletic, Literary, Library, etc. coordinate with one another for the holistic growth of the institution along with administrative, academic and accounts bursars.

The curricular aspects include the teacher, students and the teaching-learning process. the Academic Bursar, all the HODs and the Parent-Teachers Meet of government help for the development of this aspect.

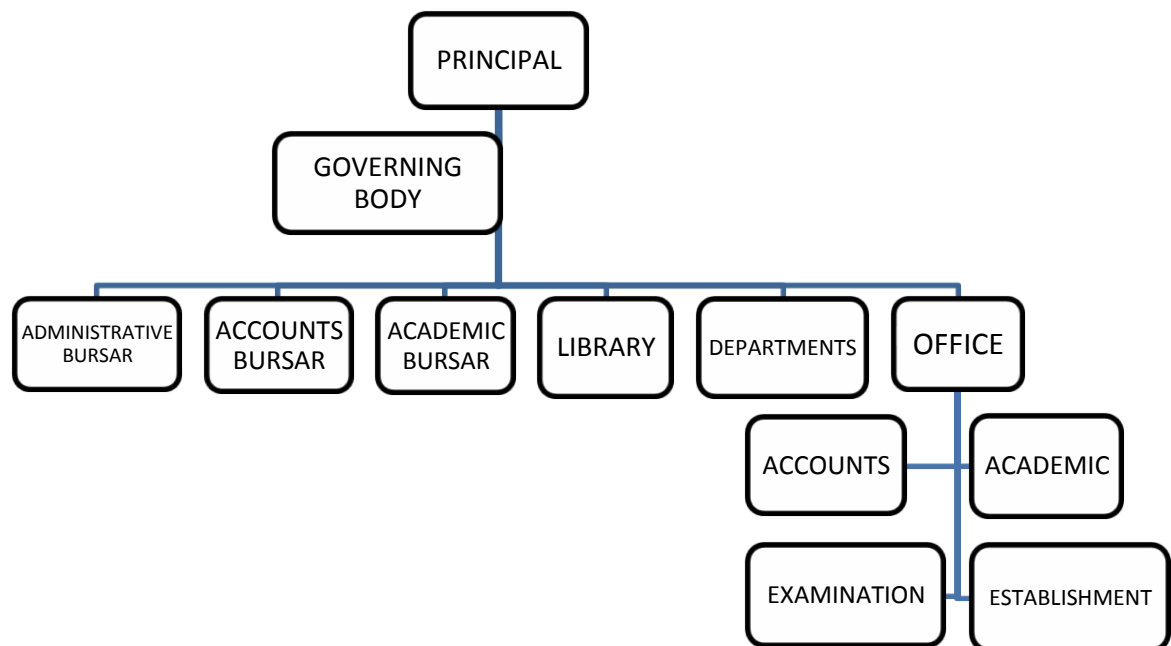

The co-curricular aspect includes the OIC and members of all committees. They continuously work in co-ordination with each other for the development of the institution. All the HODs, Committee Heads, Programme Coordinators generate prospective plans which are thoroughly analyzed and actions are taken thereof. The strength is enhanced, weakness areas for improvement are identifies, the opportunities are evaluated, and efforts are made to meet the challenges. The following are some of the perspective plans of the college:

- Renovation of computer laboratory
- Opening up of a conference hall

- Installation of INFLIBNET in the library
- Complete computerization of the office
- Opening up of M.Phil in PG teaching departments and Self-financing courses.

6.2.3 Describe the internal organizational structure and decision making processes.

The college is a Government Degree College affiliated to Utkal University. There is a governing body headed by the District Collector and some other Governing Body members. The principal heads both the academic and administrative departments of the college. Three senior members from the faculty look into the administrative, academic and accounts matter of the college. Besides HODs of the respective departments regulate and supervise the activities of their departments. The OICs of the different committees along with their associates and student representatives carry out different co-curricular activities. There is a well organized central library which is maintained by the librarian and the staff.

6.2.4 Give a broad description of the quality improvement strategies of the institution for each of the following

- *Teaching & Learning*
- *Research & Development*
- *Community engagement*

- ***Human resource management***
- ***Industry interaction***

Teaching and Learning:

The institution follows the syllabi prepared by the Utkal University. For quality improvement of teaching-learning process the college adopts the following measures:

- Admission on merit basis
- Orientation of students at the beginning of the session
- Compulsory attendance of 75%
- Remedial coaching/ extra classes
- Student feedback system
- Class test/ Mid-semester examinations
- Provision of question banks
- English language laboratory
- Well-equipped laboratories
- Individual attention by the teachers

Research and Development:

Our teachers pursue the research activities and maximum numbers of teaching staff are Ph.D holders and remaining are pursuing theirs. Research activities like Ph.D. guidance, conduct of national/ international seminars, workshops in the college, publishing text reference books by our faculty members and sending papers to conferences, seminars and journals for publication also augment the quality improvement strength of the institution. Though research is not a part of the UG curriculum, students undertake different projects and field trips and attend seminar classes as per requirements of the curriculum. The PG students, however, have their term papers and dissertations, which make them research-oriented.

Community Engagement:

The institution is very active in rendering community service like Swachh Bharat Abhiyan, socio-economic survey of slums, plantation by the NSS unit, organizing blood donation camps, Road Safety Week, AIDS awareness camps, self-defence programme, organizing awareness and sensitization programmes of active citizenship, medical counselling, etc.

Human Resource Management:

It is a matter of regret that the institution is facing a shortage of human resources due to lack of new posting. However, the situation is managed by appointing guest faculties, experienced retired persons on contractual basis as well as adhoc appointment by the government. Quality improvement programmes like refresher and orientation workshops and training programmes are organized by Academic Staff Colleges and allied institutions of the universities. The members of staff discharge their duties and support the authority wholeheartedly in carrying out their responsibilities.

Industry Interaction:

The institution has no administrative/ financial autonomy for entering into interaction with industrial sector. However, Jay Bharat Spices Pvt. Ltd. has extended its support for academic pursuit of the institution in the way of publishing an in-house journal. The Managing Director of this industry is associated with the institution as a member of the IQAC.

6.2.5 How does the Head of the institution ensure that adequate information (from feedback and personal contacts etc.) is available for the top management and the stakeholders, to review the activities of the institution?

Feedback on different issues is received from parents, alumni and students through formal and informal methods. Shortcomings are discussed in appropriate statutory and non-statutory committees of the college and necessary actions suggested by the committee concerned are taken by the Principal.

6.2.6 How does the management encourage and support involvement of the staff in improving the effectiveness and efficiency of the institutional processes?

- The curriculum activities are monitored by the Performance Tracking Cell (PTC) of Department of Higher Education, Principal, Academic Bursar and the concerned HODs.
- The staff members are encouraged to participate in seminars, workshops, conferences, for publication of papers in journals of national and international repute.
- Guiding Ph.D scholars, attending meetings of Board of Studies and Subject Research Committee of the affiliating university and Autonomous Colleges.

- The members of staff also involve themselves in various committees like admission, examination, anti-ragging, dramatic, athletic, literary, library, self-defence, yoga, etc. These committees help the institution in carrying out different developmental works.
- Participation of the staff in the observation of specific days of institutional, national and international significance.

6.2.7 Enumerate the resolutions made by the Management Council in the last year and the status of implementation of such resolutions.

The Governing Body is the apex body of the institution with the Collector and the District Magistrate as the Chairman and persons of repute being its members. The proposals are as follows:

- To upgrade the college to an autonomous status
- Opening new M.Phil courses in Political Science, History, Sanskrit, Odia and Home Science and PG courses in Economics, Education and English.
- To enhance the honours seats in different subjects
- To construct additional hostels for the students
- To fill up the non-teaching posts in different sections

6.2.8 Does the affiliating university make a provision for according the status of autonomy to an affiliated institution? If 'yes', what are the efforts made by the institution in obtaining autonomy?

A proposal for grant of autonomy has been sent in 2001 to the Department of Higher Education, Government of Odisha as well as to the UGC, New Delhi. The same has been pursued time and again.

6.2.9 How does the Institution ensure that grievances / complaints are promptly attended to and resolved effectively? Is there a mechanism to analyze the nature of grievances for promoting better stakeholder relationship?

Yes, the institution has a Students' Grievance Cell headed by the Principal with few senior faculties as its members, who attend them for the prompt resolution of the same. There is a complaint box provided in the library, where the students can put in their grievances through the librarian and the same is attended to.

6.2.10 *During the last four years, had there been any instances of court cases filed by and against the institute? Provide details on the issues and decisions of the courts on these?*

- Case no. 24957/2012: Mousumi Nayak (Appellant)

Cause – Denial to fill up form in the +3 III year University exam 2013.

Decision – Hon'ble High Court allowed the appellant to fill up form for +3 III years university exam.

- Case no. OA – 1181/2014: Anama Charan Nayak (Appellant)

Decision – Hon'ble Administrative Tribunal, Bhubaneswar bench gave verdict in favour of the appellant for regularization of his service.

- Case no. OA – 1610 (C) 2014: Niranjana Pati, Senior Clerk (Appellant)

Status – Case matter is not finalized yet.

- Case no. TR – 386/07: Court of Special Judge Vigilance

6.2.11 *Does the Institution have a mechanism for analyzing student feedback on institutional performance? If 'yes', what was the outcome and response of the institution to such an effort?*

Yes, the institution has a sound mechanism for analyzing student feedback on institutional performance to improve the quality and performance of the institution. The student feedback forms are used regularly and suggestion-cum-complaint box is kept for students. Students' feedback on the curriculum, on the performance of the staff, on the facilities provided by the library, on infrastructural provision, on hostel facilities all are taken into account. The inputs obtained thus are analyzed, discussed and steps are taken to improve the quality.

6.3 FACULTY EMPOWERMENT STRATEGIES

6.3.1 *What are the efforts made by the institution to enhance the professional development of its teaching and non teaching staff?*

The rapid changing scenario of higher education calls for continuous development of skills. The institution lays much stress on improving the pedagogical skill of the faculty members. The following are some of the major efforts made by the institution for the professional development of its staff:

- Holding departmental seminars
- Holding state, national and international seminars on various issues
- To motivate teachers for taking on Minor and Major Research Projects/ ICHR/ ICSSR/CSIR/UGC/DST
- Publication of research work, presentation of seminar papers (Departmental profiles of the faculty attached)
- Attending refresher and orientation courses, workshops, training programmes
- Training in e-admission and e-valuation
- Members of Board of Studies/ Subject Research Committee

6.3.2 *What are the strategies adopted by the institution for faculty empowerment through training, retraining and motivating the employees for the roles and responsibility they perform?*

For faculty empowerment the institution has adopted the following strategies:

- Allowing the teachers to attend account, audit, RTI, gender sensitization programme
- Provision of research journals and other infra-structural facilities
- Interaction with eminent academicians, leading bureaucrats and legal experts
- Personal counseling by the Principal and the HODs
- Provision of well-equipped gadgets in teaching-learning process

6.3.3 *Provide details on the performance appraisal system of the staff to evaluate and ensure that information on multiple activities is appropriately captured and considered for better appraisal.*

- Appraisal of staff is made by the Principal through the supervision of lesson plan, progress register, supervision of class, co-curricular and extra-curricular activities and by personal counselling if necessary
- Student appraisal of the staff and feedback forms are collected from the students having some parameters as performance of the teacher, completion of the course in time, clarity of expression, knowledge on subject, methodology adopted, etc.
- Performance Appraisal Reports of the staff is sent to Director, Higher Education, Odisha at the end of each Financial Year.

6.3.4 What is the outcome of the review of the performance appraisal reports by the management and the major decisions taken? How are they communicated to the appropriate stakeholders?

PARs are forwarded with comments by the Principal to the next higher authority for necessary action at his/ her end. The reviewing authority communicates his remarks to the Accepting Authority. The Accepting Authority communicates the adverse remarks, if any, to the teachers concerned for improvement.

6.3.5 What are the welfare schemes available for teaching and non teaching staff? What percentage of staff have availed the benefit of such schemes in the last four years?

Government loan facilities, Group Insurance Scheme (GIS), vehicle loan, health insurance, house building advance, reimbursement of medical expenses, travel and research grants for both teaching and non-teaching staff, rehabilitation scheme and festival advance for Class-III and Class-IV employees are some of the welfare schemes. At best, the authority can request the government for temporary retention of some critical resources, who are under order of transfer. Leaves of various forms like earned leave, medical leave, maternity leave, academic leave, study leave are availed by the staff from time to time.

100% staff have been benefitted from this scheme.

6.3.6 What are the measures taken by the Institution for attracting and retaining eminent faculty?

Since ours is a government college, it has no role in attracting and retaining eminent faculty. Transfer and posting are done directly by the Department of Higher Education, Government of Odisha.

6.4 FINANCIAL MANAGEMENT AND RESOURCE MOBILIZATION

6.4.1 *What is the institutional mechanism to monitor effective and efficient use of available financial resources?*

The institution is under the surveillance of two institutions – Department of Higher Education and the Accountant general of Odisha, whose mechanisms of audit ensure the effective and efficient use of available financial resource. The institution utilises the UGC grants under the supervision, direction and control of the UGC Committee, Purchase Committee and Quality Assurance Cell of the college. The college has a separate Accounts Section managed by an Accountant and Cashier with a senior faculty member acting as Accounts Bursar.

6.4.2 *What are the institutional mechanisms for internal and external audit? When was the last audit done and what are the major audit objections? Provide the details on compliance.*

Internal audit of this college and hostel accounts are made by the Purchase Committee, Development Committee along with few other senior faculty members specially deputed for this purpose by the Principal. Periodic audit is conducted by the Government of Odisha and by the office of the Accountant General. The last audit of the college was conducted in 2012 – 13 and 2013 – 14. No major audit objections have been found out in the audit conducted by the AG, Odisha and Department of Higher Education, Government of Odisha.

Nature of Complaints – Academic/ establishment / accounts

Compliance report has been submitted.

6.4.3 *What are the major sources of institutional receipts/funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administrative activities of the previous four years and the reserve fund/corpus available with Institutions, if any.*

Besides grant received from the UGC the major sources of institutional receipt and funding is made by the State Government and major share of such receipts is incurred under salary heads. Non-salary and development activities are a small proportion of assistance paid by the Government of Odisha. As this is a Government institution there is no scope for private funding. However, some financial assistance is provided by the MLA and MP LAD funds for

structural development of the college, sanctioned and utilised through the district administration. The institution has accumulated PL fund as its reserve/ corpus.

SOURCE	NATURE OF RECEIPTS	AMOUNTS UTILIZED (IN RUPEES)	REMARKS

COLLEGE	-	-	-

6.4.4 Give details on the efforts made by the institution in securing additional funding and the utilization of the same (if any).

As the institution is run and managed by the Government of Odisha, available funds are utilized as per government norms and there is no administrative autonomy to secure additional funds, except opening up of self-financing courses, duly permitted by the Department of Higher Education, Government of Odisha.

6.5 INTERNAL QUALITY ASSURANCE SYSTEM (IQAS)

6.5.1 Internal Quality Assurance Cell (IQAC)

- a. Has the institution established an Internal Quality Assurance Cell (IQAC)? If 'yes', what is the institutional policy with regard to quality assurance and how has it contributed in institutionalizing the quality assurance processes?**
- b. How many decisions of the IQAC have been approved by the management / authorities for implementation and how many of them were actually implemented?**
- c. Does the IQAC have external members on its committee? If so, mention any significant contribution made by them.**
- d. How do students and alumni contribute to the effective functioning of the IQAC?**
- e. How does the IQAC communicate and engage staff from different constituents of the institution?**

- a. Yes, the institution has formed an Internal Quality Assurance Cell (IQAC) just after the NAAC accreditation of 'A' on January 2006 and the first meeting of the cell was held on 20.03.2006, and two reports have been sent to the NAAC. The Quality Assurance Cell has become active and vibrant with its re-constitution and availability of UGC funds in the 12th Finance Commission.
- b. The institution is conscious enough with the objective to develop a system for consciousness, consistent, catalytic attention to improve the curricular, co-curricular and extra-curricular activities as post-accreditation quality sustenance. The following decisions were taken in the meeting held on 22.06.2006:
 - To conduct a seminar meeting in collaboration with Kendra Sahitya Academy, where 2 books of S.N. Mohanty were released with the members of English and Odia department presenting papers.
 - Another workshop on Census Data Dissemination was organized on 28.07.2006 in collaboration with Directorate of Census operation, Ministry of Home Affairs.

- Another meeting was held on 10.02.2007, where decisions were taken for the formation of PTA and preparation of IQAC report for its onwards submission.
- IQAC meeting was held on 03.07.2015 to discuss the future plan of action.

The year wise annual report has been submitted by the IQAC of this institution from time to time. A grant of Rs.3 lakhs under IQAC as sanctioned by letter no. IQAC – O – 335/ 13-14 (ERO) dated March h 2014, is not yet released to the college for which the functioning of IQAC has been badly affected.

- c. The IQAC composed in 2006 consisted of two external members –
- Sj. Bipin Bihari Rath, Senior Advocate, Odisha High Court
 - Prof. Dr. P.K. Jesthi, Retired Director Higher Education

The IQAC composed under the 12th plan has four external members –

- Dr. Saroj Kumar Singh, Former Director of Education, Odisha – admission strategies
- Dr. Bimal Prasad Nanda, Former Director of Higher Education
- Sj. Susanta Kumar Panda, Managing Director, Jay Bharat Spices Ltd. – Industrialist
- Dr. Tapati Das, Former Principal of R.D. Women's College – Alumni
- Miss. Gauri Satpathy - Student

They have suggested heightening the level of clarity and focusing in institutional functioning towards quality enhancement and facilitating internationalization of the quality culture. Sri Panda has promised to felicitate the best graduate of the year.

- d. The students have a unique role in ensuring quality of higher education.
- The students of the institution have realized that they have the right to quality education.
 - They are equally aware of their responsibilities and commitment towards quality education.
 - They appreciate the institutional goals and objectives and contribute to the realization of the same by participating in relevant institutional activities.

- They follow the time schedules, rules and regulation of the institution.
- They undertake regular and intense study of learning materials.
- They make optimum use of the learning resources and other support services available in the institution.
- They give feedback for system improvement

The Alumni Association has been operative since 1990 and is a nodal interface within the past and the present. All the students are and can be its bona fide members. The Alumni Association has contributed immensely through in-house and outreach programmes.

- They have launched enrichment programmes in the form of workshops, health check-up camps and medical counselling and sensitization programmes to ensure the holistic growth of the institution.
 - They have also undertaken social service in the orphanage adopted by them.
 - They commemorate the College Foundation day with a noble initiative of providing food to the destitute in the college premises.
 - The students feel proud to live as worthy alumni of the institution.
- e. The staff members constitute a vital part of IQAC and the resolutions regarding the quality assurance of the institution are communicated and its implementations are ensured. The Principal takes a close review of all the staff activities and suggest improvements. The curricular and co-curricular activities are held quite smoothly by the active participation of the staff.

6.5.2 Does the institution have an integrated framework for Quality assurance of the academic and administrative activities? If 'yes', give details on its operationalisation.

Yes, the institution has an integrated framework for quality assurance of the academic and administrative activities. The Academic Bursar, the Administrative Bursar and Heads of all the Departments, committees and sub-committees play a vital role in the quality assurance. Organization of seminars, workshops, skill development programmes for students, upgrading the library and office automation through Human Resource Management System helped in the quality assurance procedure.

6.5.3 Does the institution provide training to its staff for effective implementation of the Quality assurance procedures? If 'yes', give details enumerating its impact.

Yes, the institution provides training to its staff for effective implementation of the quality assurance procedures.

- They are groomed for maintaining effective student-teacher rapport, parent-teacher rapport and also rapport with the alumni members.
- Their academic pursuit is enhanced by attending seminars, workshops, refresher courses/ orientation programmes and various training programmes.
- Training in e-evaluation, e-admission, e-submission of Performance Appraisal Report (PAR), Human Resource Management System (HRMS) have their enumerating impact on academic and administrative sphere.

6.5.4 Does the institution undertake Academic Audit or other external review of the academic provisions? If 'yes', how are the outcomes used to improve the institutional activities?

Yes, Academic Audit has been introduced as a part of educational administration and the same is conducted by government agency. The outcomes are followed to improve upon the preparation of lesson plan, progress register, innovation in teaching methodology and teaching mission.

6.5.5 How are the internal quality assurance mechanisms aligned with the requirements of the relevant external quality assurance agencies/regulatory authorities?

Besides its own internal quality assurance mechanism, the college follows the quality assurance mechanism of its regulatory bodies like Department of Higher Education and the Affiliating University. The DHE Odisha has a Performance Tracking Cell (PTC), which thoroughly looks into the quality assurance. The college also follows the Common Minimum Standard (CMS) for quality assurance.

6.5.6 What institutional mechanisms are in place to continuously review the teaching learning process? Give details of its structure, methodologies of operations and outcome?

The following are the institutional mechanisms for reviewing the teaching learning process:

For Teachers

STRUCTURE	METHODOLOGY	OUTCOME
Preparation of progress register and lesson plan	As per guidelines of Common Minimum Standard and Performance Tracking Cell, supervision by HOD and Principal	To ensure qualitative and responsive teaching
Provision of e-training in admission, valuation and teaching	Training imparted by external agency like Tata Consultancy Services in collaboration with Government of Odisha	To make them well-versed with the system related updates
Provision of training through participation in orientation/ refresher courses, workshops, seminars, etc.	Teaching through power point presentation. Active participation, paper presentation	Updating the teachers with new curricular developments

For Students

STRUCTURE	METHODOLOGY	OUTCOME
Induction class at the beginning of the session	Students are acquainted with the academic and administrative setup of the college	Development of a sense of belongingness
Compulsory attendance	75% attendance compulsory for students	Regular attendance of classes
Mid-semester tests	Exams are conducted in the mid-session	Creates academic seriousness
Proctorial class	The division of students into proctorial groups to be looked after by respective proctors	Improvement in standard
Value added standard practices	Eco Club/ Yoga Club	High value impact on educational activity of the institution

6.5.7 *How does the institution communicate its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders?*

Any other relevant information regarding Governance Leadership and Management which the college would like to include.

The IQAC is conceived as an in-campus equivalent of the NAAC in a functional sense as suitable to the individual context of this institution. The institution communicates its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders at regular intervals. The quality assurance policies and mechanisms are discussed in the HOD meetings and staff meetings.

The Principal regularly keeps track of lesson plan and progress register and supervises the classes. Progress of the syllabus and poor performance of the students are discussed in the HOD meetings and is communicated to the staff members.

The students and parents are made aware of the qualitative policies and their respective roles in it. Their academic progress is communicated to them through the marks of mid-semester exams and proctorial classes. The parents are also made aware of their ward's progress through parent-teacher meets.

CRITERION VII:

INNOVATIONS

AND

BEST PRACTICES

7.1 ENVIRONMENT CONSCIOUSNESS

7.1.1 Does the Institute conduct a Green Audit of its campus and facilities?

There is no provision of green audit of the campus.

7.1.2 What are the initiatives taken by the college to make the campus eco-friendly?

- **Energy conservation**
- **Use of renewable energy**
- **Water harvesting**
- **Check dam construction**
- **Efforts for Carbon neutrality**
- **Plantation**
- **Hazardous waste management**
- **e-waste management**

The college boasts of an Eco Club, which is a unique and innovative organization to make the campus eco friendly.

- Energy conservation – Students and staff are conscious of saving energy by turning off the electrical appliances such as light, fans, computers, etc. when not in use. Students and staff are encouraged to use bicycles, public transport while commuting to the college instead of motorized vehicles on every Saturday to save fuel. Car-pooling has become a usual feature of the institution.
- Use of renewable energy – Nil
- Water harvesting – The water body existing within the institution helps in maintaining the ground water leveling of this college.
- Check Dam construction – There is no scope to construct a check dam within the existing infrastructure of this government institution. However, the renovation and the embankment of the water body helps in proper water conservation. In addition to the ecological sustenance of the premise, the fish resource of the water body provides a palatable dish in the community lunch of the athletic meet.

- Efforts for carbon neutrality – Carbon neutrality is maintained through plantation drive.
- Plantation – The students and staff of the college under the aegis of Eco Club take part in the massive plantation of sapling on Bana Mahotsav Week from 1st July to 7th July every year and take care of the same. The Forest department of the Government of Odisha helps in the mode of supply of saplings.
- Hazardous waste management – All the waste materials and garbage are collected regularly and disposed off appropriately.
- E-waste management – Nil

7.2 INNOVATIONS

7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.

Academic innovations: Along with regular tests, question bank facilities, remedial classes, proctorial classes the college publishes seminar bulletins as a portrait of academic excellence.

- The English Language Laboratory helps in enhancing the communicative skills of the students.
- The college has provided training to the faculties for e-admission and e-evaluation.
- Feedbacks from students, parents and alumni both in verbal and written form are taken into consideration for healthy academic ambience.
- *Conservation of Wildlife* is the motto of Shailabala, which has been reflected in the march-past of Annual Athletic Meet of the college with the elephant mascot 'Mottfu'.
- For the holistic development of the students, Yoga Club organizes regular yoga and meditational practices, while the gymnasium helps in their physical fitness. Further, the self-defence training makes the students secured and confident.

The following are some of the in-house and outreach innovative programmes of the college:

- Assisting the police in traffic regulation, sensitizing the public in evil impact of addiction at Baliyatra and outreach programme at Pattapol by the NSS unit of the college.
- Road safety programme of Youth Red Cross in Road Safety Week.
- Mega Blood Donation Camp and regular Health check-up camps spreading awareness.

7.3 BEST PRACTICES

7.3.1 *Elaborate on any two best practices in the given format at page no. 98, which have contributed to the achievement of the Institutional Objectives and/or contributed to the Quality improvement of the core activities of the college.*

Title of the practice – “YOGA AND MEDITATION: INNER STRENGTH TO
FACE OUTER STRAIN”

GOAL

Harmony, metaphorically may be termed as a state of internal peace. More precisely it means an alignment between one’s emotional state, intellectual understanding and external action. It will also bring in an ‘absence of fragmentation’, which does not mean the complete absence of internal tension. There will always be a certain degree of tension as one constantly faces new situations and in utilizing one’s emotional and intellectual energy to bear upon them. However, this tension can be confined within the limits of one’s strength of character. This wholesome development of an individual can be called the formation of an ‘Authentic-Self’ and that is the goal of the Yoga Club.

Girl students need catalytic moral booster through an appropriate regimen of proper mental preparation and ability training in growing their inner strength to cope with all external strain and stress of life.

CONTEXT

It is highly imperative to prepare the girls to cope with the future challenges with proper development of their body, mind and soul to develop a balanced personality, who does not rejoice in happiness nor break down in sufferings. Furthermore, to cope with the changing needs of personal, domestic as well as professional life.

PRACTICE

Holistic development is the dynamic motto of higher education. Fitting the girl students to three aspects of a human being, i.e. *Sila*, *Chitta* and *Prajna* (physical, mental and intellectual) the practice renders all possible manifestations in their personality to be a complete woman.

With a trainer, the practice has become a part of the students' routine. All are free to join Yoga and Meditation classes in addition to their academic engagement. This innovative practice has gained mass students' appeal.

EVIDENCE OF SUCCESS

After undergoing counselling by their Proctor, few mentally disturbed and psychologically upset (due to their personal reasons) students attended this Yoga and Meditation class. Sometimes they were even compelled to attend the class for their own benefit. However, after undergoing such training, their depression was eliminated to a great extent. They returned to the mainstream of student folk leading a normal and joyful life. In addition, some students with certain physical deficiencies have been able to override their shortcomings. Their physical strength has been reflected in their mental ability and academic performance.

PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED

Problems encountered are mostly confined to adjustment of Yoga and Meditation class within the scheduled time frame by which more number of students can attend the same. Since no financial support is provided by the higher authority the trainer, who happens to be the P.E.T. of this college provides free service for the better interest of the students and the institution on the whole.

NOTES

This practice has drawn the attention of the elites, parents and local media due to which the feedback received in the parent-teacher meet has been highly positive with respect to this programme. The media has also appreciated this innovative practice in laudatory words.

Title of the Practice – “ENVIRONMENTAL PROTECTION”

GOAL

- Go Green, Live Green
- Cleanliness is next to Godliness
- Save Energy, Save Life

CONTEXT

'Know Environment Know God; No Environment No God'

This ethical saying has its corresponding ramification in the best innovative practice of this institution. The habit of caring and nurturing the surrounding, which is a broader part of eco-feminism has its reflection in the Eco Club of the college.

PRACTICE

Clean – The institution has propounded this innovative idea of persuading the students to devote some time and energy in taking care of the campus making it clean and green. Maintaining and keeping the campus clean is not the sole responsibility of the administration and involvement and engagement of the students in this mission counts as much.

The dry grass, weeds, dry leaves and flowers, food wrappers, plastic bags and other disposable waste products are voluntarily collected by the students and dropped in the dustbin. They are also socialized enough to come forward without any hesitation to broom their classroom.

Green – During the Bana Mahotsav Week the students are engaged in plantation of saplings. The limited space in the college campus however does not limit their enthusiasm. They maintain a small garden adjacent to the pool and the principal's office in the arts block and in the courtyard of the science block. As a step to conserve energy, they ensure that all the lights and fans are turned off at the end of the day after their classes are over.

EVIDENCE OF SUCCESS

The campus is a bright example of the environment consciousness of the students.

PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED

Non-availability of funds and limited space are two primary constraints for full-fledged achievement of the Eco Club.

NOTES

The Eco Club of the College has drawn media attention and appreciation. This external cleanliness has motivated the students to develop inner cleanliness.

Title of the practice – “*AESTHETICA: HERBAL MEDICINAL GARDEN*”

GOAL

‘Be Healthy, Be Happy’

- To encourage and promote students to develop home medicinal herbal garden.
- To inculcate a sense of familiarity from student’s life with surrounding biodiversity and its conservation, especially herbal plants.
- To educate students in identifying different types of herbs and their uses including growing them in a garden.
- To encourage students to use herbs as food and medicine.

CONTEXT

To popularize the usefulness of commonly available and frequently used herbal plants and to conserve the associated traditional knowledge for future generations. The college has developed its own herbal garden in the science block for this purpose.

PRACTICE

With the help of resource persons, different types of programmes were taken to create awareness among the students. Seminars and discussions are going on at regular intervals.

EVIDENCE OF SUCCESS

- Well developed medicinal garden with rare useful herbs are there in the science block
- Students trained have been trained to use herbs in food, as medicines and to use them for cosmetics purpose from different plants. Herbal plants are the most natural and safe cosmetics.

PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED

- Due to high temperature and high humidity, all types of plants can’t be cultivated
- More man power required to maintain the garden and to propagate more plants.

NOTES

The institution is benchmarking best practices as means of continuous learning through sustainable innovations. Best practices have their best impacts as a reflective of value based aesthetic practice. In fact, this humble in-house attempt has far-reaching message in the present perspective.
