

### Best Practices for the session 2018-19

The best practice benchmarking approach in an inductive approach to quality management in higher education institution with a focus on practice and continuous improvement. The approach will help institutions of higher education to play their role effectively in quality sustenance and enhancement.

#### Best Practices-1

- a) **Goal:-** To provide free civil service coaching to poor and meritorious students of Home Science Department
- b) **Achievement:-** A group of 10 students of Home Science Department who were interested to pursue Civil Services Examination but were unable to pay fees for the coaching, were provided free Civil Service coaching in the current year.

#### Best Practices-2

- a) **Goal:-** To develop a strong feedback mechanism with the Alumni of the college.
- b) **Achievement :-** A robust feedback form was developed for the Alumni of the college and their suggestions were reviewed and action was taken thereof.
