

Catering to Student Diversity

The institution has different special programmes for advanced learners and slow learners. It has been implemented from time to time to meet the issues in students learning levels. Based on their performance in 1st mid sem. examination. Remedial classes are arranged for the slow learners along with regular classes. Special attention is given for their improvement like problem solving, simple way of teaching, visual audio video mode etc. Slow learners are regularly taken care by counselling by their mentors. For additional help parent teacher meeting has been organized to involve their parents in the process of learning.

Assignments, seminars/webinars are arranged for advanced learners by the faculty members. Campus placements and career counselling programmes are organized for their career improvement. Industry exposure programmes, field works have been conducted for better exposure.
