

VIRTUAL LAB

Shailabala Women's Autonomous College, Cuttack

All of us do not have Equal Talent but all of us have an Equal Opportunity to Develop

OUR Talents

-Dr. A P J Abdul Kalam

Objectives of the Lab:

- The idea of virtual laboratory is to provide students of Shailabala Women's Autonomous College, a chance to perform experiments using the internet and visual aids without having the equipments at their end.
- It is quite difficult to perform real time experiments in some specialized areas of sciences, which require sophisticated equipments and skilled manpower.
- The Virtual lab program presents a unique opportunity to boost the quality of education, deepen understanding, and provide the necessary practical skills to young minds through cost effective outreach and distance learning activities.

All students are hereby advised to join in the link given below to access the virtual lab.
